| Key Decision / Non-Key Decision | |

1. **Summary**

1.1. To provide information to enable Cabinet to recommend to Full Council the approval of the Medium Term Financial Plan to include the budget allocation for revenue and capital during the period 2011/12-2013/14.

2. Recommendations

- 2.1. It is recommended that Executive Cabinet recommend to Full Council:
- 2.1.1 Approval of the high pressures as identified in Appendix A of:

2011/12 £304,000

2012/13 £239,000

2013/14 £239,000

2.1.2 Approval of the savings as identified in Appendix B of:

2011/12 £873,000

2012/13 £1.458.000

2013/14 £1,794,000

2.1.3 Approval of the income shortfalls as identified in Appendix C of:

2011/12 £622,000

2012/13 £625,000

2013/14 £625,000

2.1.4 Approval of the unavoidable pressures as identified in Appendix D of:

2011/12 £261,000

2012/13 £217,000

2013/14 £217,000

2.1.4 Approval of the high capital bids as detailed in Appendix E (i) of:

2011/12 £ 737,000

2012/13 £ 873,000

2013/14 £1,467,000

2.2 Approval of the use of balances of £323,000

- 2.3 Consider the recommendations from Overview and Scrutiny 1st February 2011 as detailed at Appendix G.
- 2.4 Approval of the Prudential Indicators as detailed in Appendix H.

3. Background

- 3.1. The Council on 6th January 2010 approved a medium term financial plan that included the Revenue and Capital budget requirements for 2011/12 2012/13. This report updates the plan by addressing identified pressures and savings together with updating the budget proposals to 2013/14.
- 3.2. As part of part of the approved budget process Cabinet proposed a set of 10 priorities against the Council objectives for focus of resources which were approved by Council. These approved objectives and priorities have been used to drive the budget process as follows:
 - Budget pressures have only been proposed to members by senior management if they have been identified as unavoidable / or they are fundamental in achieving the Council's priorities.
 - Financial savings have been focused on more efficient working practices and alternative methods of service delivery
 - Disinvesting in non priority areas.
 - Capital Projects to be proposed only if they meet the priorities of the Council
- 3.4 Following approval of the Council priorities officers prepared Business Plans to ensure their services were aligned to these priorities and were to be delivered in an efficient and effective way to give quality provision to the customer. As a result of these plans a number of revenue and capital bids have been identified by Heads of Service to enable services to improve.
- 3.5 An officer review has been undertaken of the bids and they have been classified as "High, Medium or Low" depending on the link to the Council priorities. Within the summary statement at X only those rated as "High" have been included for funding within the medium term financial plan. These bids are detailed at Appendix A (revenue) and E(i) (capital). The schedule also includes the bids that have been classed as Medium or Low for Members further consideration.
- 3.6 Officers have also identified a number of budget pressures that have either been deemed "unavoidable". Unavoidable includes the ongoing effects of pressures identified during 2010/11 together with any issues that have been raised as fundamental to maintaining service provision as part of the budget process. The unavoidable pressures are included at Appendix D. In addition income shortfalls that cannot be managed by

- improved marketing or price increases are included at Appendix C with the aim to reduce the target to a more realistic level.
- 3.7 Savings have been proposed by Corporate Management Team who have sought to identify areas which could demonstrate:
 - Additional income generation
 - Reduction to costs with no impact on service delivery
 - Alternative methods of service delivery / more efficient working practices / shared / collaborative working to realise savings
 - Reduction in cost of services which do not directly impact on the Councils priorities
- 3.8 The savings/ additional income details are shown in Appendix B.
- 3.9 As part of the review of the Financial Plan officers have included proposals to generate efficiency savings through joint working or alternative ways of providing our services. It is anticipated that due to the significant reduction in costs to be realised from shared services the 3 year plan will be brought forward into the next 12-18 months.

4. <u>KEY ISSUES</u>

- 4.1 On 31st January 2011 the Council received the 2 year final grant settlement from the Government. This reflected a significantly greater cut than was previously estimated and has resulted in the 4 year assumption of savings to be made now be realised over 2 years.
- 4.2 Officers have been working towards delivering £1.3m over a 4 year period through delivery of shared service and joint working arrangements together with realising efficiencies and transforming service provision. The increase in the reduction in grant will result in the current plans to share services with Redditch Borough Council to be brought forward to ensure savings are realised earlier than previously assumed.
- 4.3 The revised provisional grant settlement is as follows:

| | 2011/12 £'000 | 2012/13 £'000 |
|--|------------------|------------------|
| Original Grant Adjust concessionary Fares & Misc adj | 5,047 -477 | 5,047 -477 |
| Revised Grant | 4,570 | 4,570 |
| | | |
| Final Settlement | 3,830 | 3,304 |
| Final Reduction | 740 | 1,266 |
| Final % Reduction | 16.19% | 27.70% |

- 4.4 The current summary position includes:
 - The impact of a reduction in the 2011/12 pay award to 0% this would result in a zero pay award across the Council staff. The award has been estimated at 1% for 2012/13 and 2013/14.
 - The Capital bids rated as "High" by Corporate Management Team. The impact of these proposals would ensure that the Councils services are delivered in a quality and effective way to our customers. A number of the Capital proposals are funded by Grant or reserve currently available. The remaining projects will be funded by Capital Receipts which would result in the Council entering into borrowing arrangements in 2013/14.
 - All savings realised from the shared services implemented between Bromsgrove and Redditch and those resulting from the WETT arrangements.
 - The anticipated savings from the sharing of HR & OD and Policy, Performance Communications and Equalities service across the Councils
 - To maintain the ICT reserve of £100k for future years to ensure facilities are available to deliver improvements in technology during transformation.
 - A reduction to the Council Tax in 2011/12 to 0%. The difference of the original assumption of 2.5% increase to be offset by Government Grant allocation over the 4 year period. An increase of 4.45% has been included for 2012/13 and 2.5% for 2013/14.
 - The implementation of the incremental charges at the pay on foot car park
 - A surplus of £46k from the Collection Fund for 2010/11 which can offset the revenue budgets for 2011/12.
 - Inflation at 2.5% for general services and 5% for utility costs
 - Investment interest has been estimated at 0.75%-2%
 - Pension costs have been included based on the revised actuary rate of 20.8%
- 4.5 The revised summary position is shown below. This includes the proposed high pressures only for both revenue and capital.

4.6 The total Capital Programme to include projects approved in January 2010 and new bids is included at Appendix E(ii).

4.7 Investment Interest

An element within the overall medium term financial plan is Investment Interest. Members will be aware that due to the current financial climate a decision has been taken to hold investments in very low risk organisations which offer a lower rate of return than those institutions which may be considered as slightly higher risk. The projections contained within this report include investment increases of 0.75% to 2% by 2013/14.

The quarterly integrated finance and performance report will report the position on the investments generated by the Council and detail any changes as a result of changes to the base rate.

4.8 Balances

- 4.8.1 The current projected level of balances at 31.03.11 is £1.726m, assuming all costs approved are spent and the projected underspend of £323k for 2010/11 is realised. The proposed use of balances to fund the shortfall in 2011/12 of £323k would reduce the level to £1.403. The current prudent level of balances for the Council is £850k.
- 4.8.2 The Local Government Act 2003 requires the Chief Finance Officer to report on the adequacy of financial reserves when consideration is given to the General Fund budget requirement for the year.
- 4.8.3 In February 2003 CIPFA published a guidance document on Local Authority Reserves and Balances. The guidance does not prescribe the minimum level of balances to be held but recommends that consideration is given to the strategic, operational and financial risks facing the authority. During the consultation on this document it was suggested that the recommended minimum should be 5% of net expenditure and this has been followed by a number of authorities.

- 4.8.4 5% for Bromsgrove District Council would mean maintaining balances at or around £600k. However, just a 1% variation in gross income and gross expenditure is equivalent to £330k which would result in a significant reduction in balances. The increased pressures on limited resources as demonstrated by the projected increases in formula grant, the increases in utility costs, and the fluctuations in income receipts and interest rates together with the impact of the economy on increased service demand may impact on the delivery of services within existing budgets over the 3 year period. In addition, there will be initial costs associated with the delivery of the longer term savings as a result of joint or shared service working. These costs could be funded from general fund balances if sufficient funds were available.
- 4.8.5 It is therefore considered, taking the above issues into account that a general fund revenue balance of £850k is a prudent minimum level.

4.9 Fees and charges

4.9.1 A report is to be presented to this meeting to propose the fees and charges to be levied as part of the formal approval of the medium term financial plan. The income realised from any increases have been included in the proposed financial projections.

4.10 Consultation

- 4.10.1 The Council held another budget jury consultation exercise during the Summer and Winter 2010. During the Summer and Autumn there were four sessions, which involved looking at what the Council does and how it finances its activities, what residents felt the broad priorities of the Council should be, through to considering the actual capital and revenue budget bids and savings proposed for 2011/12. As much as possible, we mirrored the process that Members go through. There were approximately 10 jurors of mixed aged, ethnicity and socio economic background. Feedback from the Jurors has been very positive. Their feedback is attached at Appendix F.
- 4.10.2 Overview and Scrutiny have received a number of budget presentations over the period to ensure all Members are aware of the financial constraints facing the Council. Attached at Appendix

4.11 Capital Programme

- 4.11.1 As part of the Medium Term Financial Plan and Capital Strategy members approved a number of criteria in relation to the Capital Programme including:
 - The capital programme is limited to £1m per annum funded from the Council's own resources (in order to maximise the investment interest);

- Cabinet give consideration to fund housing grants over and above the £1m.
- 4.11.2 Cabinet also approved the capital investment criteria (as part of the Capital Strategy) that a scheme should satisfy for inclusion in the capital budget as follows:
 - Enable delivery of the Councils priorities
 - Maintain existing assets to standards suitable for service delivery.
 - Improve and acquire assets to meet service and customer needs.
 - Improve the stewardship of assets; spend to save (innovative schemes that will secure the Council a better rate of return than the investment interest earned); to reduce longer-term problems and liabilities.
 - Satisfy legal obligations of the Council (e.g. health and safety requirements, and compliance with the disability discrimination legislation).
 - Develop community assets in areas of need.
 - Maximise the use of other funds to encourage investment in specific areas such as energy efficiency, economic development and infrastructure developments (using funds derived from Section 106 agreements with developers).
 - Maximise the benefits of partnership working.
- 4.11.3 The Capital Programmes for 2011/12 and 2012/13 were approved as part of the 3 year Financial Plan for 2010/11. The projects approved have been reviewed with the aim to reduce funding requirements whilst still maintaining service delivery. In addition the consideration of the service Business Plans has resulted in new schemes being proposed for 2011/12 2013/14 to meet the priorities of the Council. The proposed new bids for the Capital Programme are attached at Appendix E(i) for consideration.
- 4.11.4 The total of all schemes proposed to include those approved previously are included at Appendix E(ii) for Members information.
- 4.11.5 If Members approve the level of Capital Spend to 2013/14 the Council will be subject to borrowing during 2013/14. This cost has been included in the budget projections.

4.12 Prudential Indicators

- 4.12.1 Local Authorities determine their own programme of capital investment in fixed assets that are central to the delivery of quality public services. The Prudential Code was developed by Chartered Institute of Public Finance and Accountancy (Cipfa) as a professional code of practice to support local authorities in taking their decisions.
- 4.12.2 In order to demonstrate that the Council has fulfilled the objectives stated above, the Prudential Code sets the indicators that must be used, and

the factors that must be taken into account. However, the code does not suggest limits or ratios for these indicators, they are for the Council to set itself.

4.12.3 The indicators are designed to support and record local decision making in a publicly accountable manner, they are not designed for comparative performance. An assessment has been made of the indicators for the Council to ensure investment is undertaken within a robust framework. These indicators are included at Appendix G for approval.

Local Government Act 2003

- 4.13 There are a number of requirements that the Council's Section 151
 Officer (the Council's designated Senior Finance Officer) has to include in the budget report. These are set out below, together with S.151 comments on each of the issues:
 - a) The level and use of reserves to be formally determined by the Council must be informed by the judgement and advice of the Chief Financial Officer (CFO).
 - Section 151 Officer's comments: Review of general fund balances included above in report (4.8).
 - b) The CFO to report the factors that have influenced his/her judgement in the context of the key financial assumptions underpinning the budget, and ensure that his/her advice is formally recorded. Where that advice is not accepted, this should be formally recorded in the minutes of the meeting.
 - Section 151 Officer's comments: The main assumptions included in the calculation of the budget are included within the report. The budget updates and considerations at previous Committee meetings have been formally recorded.
 - c) The report should include a statement showing the estimated opening balance on general fund reserves for the year ahead, any contribution to/from the fund, and the estimated closing balance.
 - Section 151 Officer's comments: statement included in this report (4.8)
 - d) The report should show the extent to which reserves are financing ongoing expenditure.
 - Section 151 Officer's comments: included in the report. Balances to fund 2011/12 only no further recommendations to finance ongoing expenditure.
 - e) The report should include a statement from the CFO on the adequacy of general reserves and provisions both for the

forthcoming year and in the context of the medium term financial plan.

Section 151 Officer Comments: the Council holds adequate reserves to manage future liability and financial constraints as detailed in 4.8.

- f) The report should include a statement on the annual review of earmarked reserves showing:
 - i) list of earmarked reserves
 - ii) purpose of reserve
 - iii) advice on appropriate levels
 - iv) estimated opening / closing balances
 - v) planned additions / withdrawals.

Section 151 Officer's Comments: The current reserves are reported on a regular basis through the financial monitoring reports.

5. FINANCIAL IMPLICATIONS

None other than those included in the report.

6. LEGAL IMPLICATIONS

The Council has a legal responsibility to set a balanced budget under the Local Government Act 2003.

7. POLICY IMPLICATIONS

None other than those included in the report.

8. COUNCIL OBJECTIVES

The delivery of a balanced budget demonstrates the Council's ability to fund objectives and priorities within a reasonable level of increase to residents.

9. RISK MANAGEMENT INCLUDING HEALTH & SAFETY CONSIDERATIONS

9.1 The main risks and the mitigating action is included in the table below:

| Shared Service and Transformation Savings not realised to the level anticipated | Officers have a formal plan of shared service arrangements over the next 3 years. It is assumed that this plan will be rescheduled to ensure delivery of the savings proposed. |
| Employee related costs will be more than assumed | Figures based on known commitments and estimated future costs. Any further pressures will need to be matched by additional identified savings |
| Pension fund contributions will be higher than expected after the next actuarial. | The financial plan will continue to be reviewed and updated annually for a three year period, based on known changes. |
| Planned budget reductions will not be achieved | Consultation period commenced with unions to ensure savings from terms and conditions review be realised. Close monitoring of budgets will be carried out in each financial year. Alternative savings will be identified, or contingency arrangements agreed. |
| Government Grant revised to greater /or less than anticipated | The 2013/14 grant has been estimated as no change from 2012/13. This will be reviewed as clarity around future funding arrangements is available. Further efficiency savings will be identified to meet any shortfall in grant. |
| Income from fees, charges and other sources will not be as high as planned. Impact of recession has greater impact than first anticipated | Close monitoring of income budgets will be carried out in each financial year. Alternative savings will be identified or alternative methods of service delivery to generate income will be developed Income streams to be monitored monthly with service budget holders to identify any areas of shortfall and to present action plan to redress. |
| Timing of Capital payments may be earlier than estimated | Close monitoring of the timing and payments of capital expenditure/income will be carried out in each financial year. Alternative savings will be identified, or contingency |

| Planning & Regeneration | Strategy for increased employment | 30 | 30 | + + + | To ensure the Council has a robust framework in place to increase employment across the District |
| Business Transformation | Member ICT facilities | 8 | 8 | —————————————————————————————————————— | Linked to capital bid. The project will deliver standard ICT equipment for all Members . It was agreed by the Member Development Steering Group that this is required and will enable the correct use of ICT facilities. It will also enable members to make use of the Broadband at home and Blackberry Devices where required. |
| Business Transformation | MS Office & PC suite | 46 | 46 | 46 H | This will enable a standard method of working across the councils (sharing calendars etc). This will also include upgrading both sites to the latest supported versions of Microsoft Office and PC operating system. Partially offset by savings on licenses (included in savings proposed) The cost includes online training. |
| Business Transformation | Voice over IP | 18 | 18 | <u>т</u> | Linked to capital bid - The existing VoIP phone system will be unsupported from May 2011. This budget bid covers the ongoing support and maintenance cost for the system. Cost savings of £10k for BDC will be delivered corporately as a result of not having to pay for each call made between BDC & RBC. |
| Pa Sa Co⊛munity Services | Stratetgic Housing - Contribution towards Sub Regional Housing Market Assessment | 10 | 0 | Н | CO1 Housing -The HMA is a key piece of research that forms the basis data for the Countywide Housing Strategy, the local strategic housing action plans, evidence to support the Council's Core Strategy, negotiations with developers on Section 106 affordable housing and HCA for development funding. |
| Community Services | Homelessness Support Post | 15 | 5 | . Т | To fund a part time post (£10k) within strategic housing to enable pro-active support to vulnerable members of the community who may be at risk of becoming homeless following the changes to Housing Benefits. | A number of years ago we used to do tree surveys on behalf of county council and BDHT however due to staff shortages this was no longer possible and these organisations have made other arrangements. When new shared tree team is fully staffed investigation into whether we can offer this service again, will take place. | Environmental Services | വ | Ŋ | വ |
| The re-introduction of incremental charges has had a detrimental effect to the income that is achievable, and was indentified as a pressure within 2010/11 with the shortfall being met from reserves. This together with the economic downturn, falling retail sales and therefore less people using the car parks nationally has resulted in the shortfall | Environmental Services | 190 | 190 | 190 |
| The shortfall reflects the position that the community has more choice regarding funeral arrangements and therefore a resulting reduction in income generated has to be reflected in the budget projections. | Environmental Services | 10 | 10 | 10 |

| Less people are using the chargeable bulky collection service, this may be due to reuse schemes such as Freecycle, Freegle etc. which reduce the use of landfill. | With the introduction of scrappage payments and the value of scrap metal people are no longer abandoning the same volume of vehicles as in previous years. There is a corresponding saving of expenditure budget for the cost of removal. | The rent on the transfer site currently does not rise in line with inflation therefore BDC target has increased year on year but the income does not. This will bring the figures back in line. Officers to investigate when an increase can be negotiated in future. | This relates to an internal reduction in both costs and income and therefore does not impact on the overall financial position of the Council. | continue to look for opportunities to increase contracts gained | This relates to the reduction in income from the Caravan Site as a result of transfer. There is a corresponding reduction in costs and therefore no impact on the overall position of the Council | Right to Buy - period of payback to the Council for RTB from ex Council Homes finishes in April 11 therefore not income to be realised. | Communications income/sales | Due to the economic down turn, limited capacity with in the team to support work in this afea and increased budget pressure on local small and medium sized business offices have been unable to achieve the income projections made in 2008. Officers are comident the revised target is achievable based on the experienced gained over the past 2yrs of working in this field. | Grants no longer received | End of Drawdown from developer contributions | Reduced recharge to County if expenditure reduced | |

Capital Bids (Autumn 2010)

| Description | Commentary | 2011/12 £'000 | High, Medium or Low? |
|---------------------------------------|--|------------------|---|
| Disabled Facilities Grant. | Adaptations to people's homes e.g. stair lifts. | 190 | High They felt that this issue is only going to increase due to the population of Bromsgrove. |
| Grant to BDHT for affordable housing. | Grant to registered social landlord to build houses. | 200 | High They recognised the need- but what happens if the house prices drop? |
| Home Repair Assistance Grants | Grant to vulnerable home owners for essential repairs. | 63 | High As with the DFG, there is a demand, and the money will be returned |
| BURT bus. | New bus to transport disabled/older residents to GPs, shops etc. | 32 | High The need of the aging population & the rural nature of the District made this important to the jurors. They did ask if the service could be shared with RBC. Also, could there be sponsorship? |
| ICT facilities for Councillors | Reduce paper and ability to work at home. | 14 | High It was felt that 'investing to save' was a prudent idea. The refusal of some to move away from paper was discussed- has appropriate research been done on effectiveness? |
| Voice over IP | Internal phone system to reduce costs. | 90 | Low It was felt it was not urgent- had option of Skype been explored? |

| Description | Commentary | 2011/12 £'000 | High, Medium or Low? |
|-----------------------------------|---|------------------|---|
| Electronic claim form. | To enable on-line benefit applications. | 20 | Low It was felt that this was low as it referred to a universal benefit & there could be issues of IT literacy & the age of the users. |
| Automatic Customer Feedback | To enable automatic feedback from customers in the future (GovMetric) | 10 | Low They didn't think that it would provide good or useful feedback, & that most people would not use it. They felt there needed to be statistics to back up effectiveness. |

| Solar Panels | To install solar panels on the Council's buildings to save energy costs. | 14 | Low They felt as Council properties may be sold this was not viable. Also, they questioned how long it would take to payback- considering cost of installation, lifespan of building & any potential repositioning costs. |
|-------------------|---|-------|---|
| Podcasts | To implement podcasts to improve information access to customers and staff. | 1 | High They felt it would keep the troops in order! Internal communications is important during a period of change. |
| Fleet replacement | To purchase new fleet for the environment services department | 1,022 | Medium They asked whether savings could be made through maintenance. Also raised possibility of purchasing second-hand. They wondering whether this was the right time to be doing this & thought more information were required. |

Revenue Bids (Autumn 2010)

| Description | Commentary | 2011/12 £'000 | High, Medium or Low? |
|----------------------------------|--|------------------|---|
| Housing Market Assessment | To determine future housing needs of the District. | 10 | High Important to do due to the changes in the housing market over previous years. They did ask if we had the capacity to do this in-house, or whether the assessment could be combined with RBC to achieve a saving. |
| Green Waste Fleet Replacement | Replacement vehicles for green waste. | 80 | Low Is this the right time- are they needed? See related capital bid above. |
| Green Waste bins replacement | Replacement bins. | 12 | Low They wanted to know why this was needed- is the issue theft or poor handling/lack of training? |
| Cemetery tree works | Remedial work on trees. | 4 | High They felt this was important from a health & safety point of view. |

| Description | Commentary | 2011/12 £'000 | High, Medium or Low? |
|--------------------------------|--|------------------|---|
| MS Office Upgrade | Upgrades to prevent unsupported software. | 46 | High Unavoidable- however, could we look into a special purpose vehicle? Has the potential reduction in staffing numbers been taken into account? |
| Gov Connect connection charges | Mandatory charge from Central Government to connect to them. | 18 | High Unavoidable- however, do we get it back if they fail? |
| Core Strategy review | Mandatory inspection rate. | 50 | High Unavoidable- the amount charged by any government appointed inspector is too much though! |
| Aftercare services | Support to new businesses locating in the District. | 15 | High Important given current financial climate. |
| Business start up grant | Additional monies for business start up grants, linked to New College. | 5 | High Important given current financial climate. |

| Description | Commentary | 2011/12 £'000 | High, Medium or Low? |
|------------------------------|---|------------------|---|
| Careers Fair YR8 Students | To foster economic ambition amongst our children. | 1 | High Positive move given that schools focus is on the academic. |
| Graduate Programme | Undergraduate placement in Planning Team. | 1 | High They felt this was a great idea but that the possibilities around apprenticeships should also be explored. |
| Risk Mgmt Review | To improve risk management processes. | 3 | Low They felt people are much more informed on risk now & they should suggest improvements |

Further options for change (Autumn 2010)

- They felt a focus on systems thinking in the year ahead was the best way of achieving savings- it would also allow for consultation over the next year on potential service reduction.
- They also felt that it was appropriate to reduce reserves, but only during this year as plans for future reductions are made.

APPENDIX G

NOTES FROM THE O&S MEETING 1ST FEBRUARY 2011

RECOMMENDED:

- (a) that the following Revenue Bids for 20011/12 2013/14 be reprioritised to "medium" pending the receipt of further information:
 - i) Transformation Member ICT facilities
 - ii) Transformation MC Office and PC suite
 - iii) Transformation Voice over IP
 - iv) Leisure and Culture Options appraisal for new leisure facility;and
- (b) that the following Capital Bids for 2011/12 2013/14 be reprioritised to "medium" pending the receipt of further information:
 - i) Community Services Local Authority Grant to Principal Preferred Partners
 - ii) Transformation Member ICT facilities at RBC and BDC
 - iii) Transformation Voice over IP for BDC and RBC
 - iv) Environmental Services Depot Drive Replacement.

RESOLVED that the Draft Medium Term Financial Plan for 2011/12 - 2013/14 be noted and that relevant Heads of Service respond to the matters referred to in the preamble above.

PRUDENTIAL INDICATORS

1. Balance Sheet and Treasury Position

1.1. The underlying need to borrow for capital purposes, as measured by the Capital Financing Requirement (CFR)¹, together with Balances and Reserves, are the core drivers of Treasury Management Activity. The estimates, based on the current Revenue Budget and Capital Programmes, are:

| | 31/03/2011 Estimate £m | 31/03/2012 Estimate £m | 31/03/2013 Estimate £m | 31/03/2014 Estimate £m |
|--|------------------------------|------------------------------|------------------------------|------------------------------|
| CFR | 0 | 0 | 0 | 0.907 |
| Balances & Reserves | 5.208 | 3.190 | 2.203 | 2.079 |
| Cumulative Net Borrowing Requirement/(Investments) | 5.208 | 3.190 | 2.203 | 1.172 |

1.2. The Council's level of physical debt and investments is linked to these components of the Balance Sheet. The current portfolio position is set out at **Appendix A**. Market conditions, interest rate expectations and credit risk considerations will influence the Council's strategy in determining the borrowing and investment activity against the underlying Balance Sheet position. The Council will ensure that net physical external borrowing² (i.e. net of investments) will not exceed the CFR other than for short term cash flow requirements.

Estimates of Capital Expenditure:

1.3. It is a requirement of the Prudential Code to ensure that capital expenditure remains within sustainable limits and, in particular, to consider the impact on Council Tax.

| Capital Expenditure | 2010/11 Approv ed £m | 2010/1 1 Revise d £m | 2011/12 Estimat e £m | 2012/13 Estimat e £m | 2013/14 Estimat e £m |
|---------------------|-------------------------------|----------------------------------|-------------------------------|-------------------------------|-------------------------------|
| General Fund | 2.465 | 4.568 | 2.633 | 1.372 | 1.131 |
| | | | | | |

¹ The Capital Financing Requirement measures the Council's underlying need to borrow for capital purposes.

² This is a key indicator of prudence and should not exceed the Capital Financing Requirement. As the CFR represents the level of borrowing for capital purposes, and revenue expenditure cannot be financed from borrowing, net physical external borrowing. should not exceed the CFR other than for short term cash flow requirements.

| Total | 2.465 | 4.568 | 2.633 | 1.372 | 1.131 |
|--------|-------|-------|-------|-------|-------|
| i otai | 2.700 | 7.000 | 2.000 | 1.072 | 1.101 |

1.4. Capital expenditure is expected to be financed as follows ³:

| Capital Financing | 2010/11 Approv ed £m | 2010/1 1 Revise d £m | 2011/12 Estimat e £m | 2012/13 Estimat e £m | 2013/1 4 Estima te £m |
|-------------------------------------|-------------------------------|----------------------------------|-------------------------------|-------------------------------|-----------------------------------|
| Capital receipts | 1.877 | 3.573 | 2.058 | 0.967 | 0.224 |
| Government Grants and Contributions | 0.588 | 0.995 | 0.485 | 0.405 | |
| Major Repairs Allowance | | | | | |
| Revenue contributions | | | 0.090 | | |
| Total Financing | 2.465 | 4.568 | 2.633 | 1.372 | |
| Supported borrowing | | | | | |
| Unsupported borrowing | | | | | 0.907 |
| Total Funding | | | | | 0.907 |
| Total Financing and Funding | 2.465 | 4.5668 | 2.633 | 1.372 | 1.131 |

Incremental Impact of Capital Investment Decisions:

1.5. As an indicator of affordability the table below shows the impact of capital investment decisions on Council Tax. The incremental impact is calculated by comparing the total revenue budget requirement of the current approved capital programme with an equivalent calculation of the revenue budget requirement arising from the proposed capital programme.

| Incremental Impact of Capital Investment Decisions | 2010/11 Approve d £ | 2011/12 Estimat e £ | 2012/13 Estimat e £ | 2013/14 Estimate £ |
|--|------------------------------|------------------------------|------------------------------|--------------------------|
| Increase in Band D Council Tax | 0.01 | 0.19 | 0.11 | 0.76 |

1.6. The estimate for interest receipts is £68k. The ratio of financing costs to the Council's net revenue stream⁴ is an indicator of affordability and highlights the revenue implications of existing and proposed capital expenditure by identifying the proportion of the revenue budget required to meet borrowing costs. The ratio is based on costs net of investment income.

| Ratio of Financing 201 | 0/11 2010/1 | 2011/1 2012/13 | 2013/14 |
|------------------------|-------------|----------------|---------|
|------------------------|-------------|----------------|---------|

³ The element to be financed from borrowing impacts on the movement in the Capital Financing Requirement. An increase in the CFR in turn produces an increased requirement to charge MRP in the Revenue Account.

Page 34

⁴ The Capital Financing Requirement measures the Council's underlying need to borrow for capital purposes.

| Costs to Net Revenue Stream | Approve d % | 1 Revise d % | 2 Estima te % | Estimate % | Estimate % |
|--------------------------------|-------------------|-----------------------|------------------------|---------------|---------------|
| General Fund | 0.56 | 0.72 | 0.60 | 0.93 | 0.73 |

2. Borrowing and Rescheduling Strategy

- 2.1. The Council's balance of Actual External Debt at 31/03/10 (gross borrowing plus other long-term liabilities) is shown in Appendix A. This Prudential Indicator is measured in a manner consistent for comparison with the Operational Boundary and Authorised Limit.
- 2.2. The Authorised Limit sets the maximum level of external borrowing on a gross basis (i.e. not net of investments) and is the statutory limit determined under Section 3(1) of the Local Government Act 2003 (referred to in the legislation as the Affordable Limit).

| Authorised Limit for External Debt | 2010/11 Approv ed £m | 2010/1 1 Revise d £m | 2011/1 2 Estima te £m | 2012/1 3 Estima te £m | 2013/1 4 Estima te £m |
|------------------------------------|-------------------------------|----------------------------------|-----------------------------------|-----------------------------------|-----------------------------------|
| Borrowing | 6.5 | 2.5 | 3.5 | 4.5 | 5.5 |
| Other Long-term Liabilities | 0.0 | 0.0 | 0.0 | 0.0 | 0.0 |
| Total | 6.5 | 2.5 | 3.5 | 4.5 | 5.5 |

2.3. The Operational Boundary links directly to the Council's estimates of the CFR and estimates of other cashflow requirements. This indicator is based on the same estimates as the Authorised Limit reflecting the most likely, prudent but not worst case scenario but without the additional headroom included within the Authorised Limit.

| Operational Boundary for External Debt | 2010/11 Approv ed £m | 2010/1 1 Revise d £m | 2011/1 2 Estima te £m | 2012/1 3 Estima te £m | 2013/1 4 Estima te £m |
|--|-------------------------------|----------------------------------|-----------------------------------|-----------------------------------|-----------------------------------|
| Borrowing | 5.5 | 1.5 | 2.5 | 3.5 | 4.5 |
| Other Long-term Liabilities | 0.0 | 0.0 | 0.0 | 0.0 | 0.0 |
| Total | 5.5 | 1.5 | 2.5 | 3.5 | 4.5 |

2.4. The Executive Director of Finance and Resources has delegated authority, within the total limit for any individual year, to effect movement between the separately agreed limits for borrowing and other long-term liabilities. Decisions will be based on the outcome of financial option

- appraisals and best value considerations. Any movement between these separate limits will be reported to the next meeting of the Cabinet.
- 3.5 The following Prudential Indicators allow the Council to manage the extent to which it is exposed to changes in interest rates. The upper limit for variable rate exposure has been set to reflect the Councils debt and investment activity which is of a short term nature and therefore has a natural exposure to interest rate changes.

| | 2010/11 Approv ed £m or % | 2010/1 1 Revise d £m or % | 2011/12 Estimat e £m or % | 2012/13 Estimat e £m or % | 2013/14 Estimat e £m or % |
|---|---------------------------------------|--|---------------------------------------|---------------------------------------|---------------------------------------|
| Upper Limit for Fixed Interest Rate Exposure | 100% | 100% | 100% | 100% | 100% |
| Upper Limit for Variable Interest Rate Exposure | 100% | 100% | 100% | 100% | 100% |

3.6 The Council will also limit and monitor large concentrations of fixed rate debt needing to be replaced. Limits in the following table are intended to control excessive exposures to volatility in interest rates when refinancing maturing debt. Any borrowing undertaken by Bromsgrove District Council arises due to cash flow movements and is of a short term nature as such any borrowing undertaken will have a maturity date within 12 months.

| Maturity structure of fixed rate borrowing | Lower Limit for 2011/12 % | Upper Limit for 2011/12 % |
|--|---------------------------------|---------------------------------|
| under 12 months | 0.00% | 100.0% |
| 12 months and within 24 months | 0.00% | 100.0% |
| 24 months and within 5 years | 0.00% | 100.0% |
| 5 years and above | 0.00% | 100.0% |

4 Investment Policy and Strategy

⁵ This Prudential Indicator is calculated as the amount of projected borrowing that is fixed rate maturing in each period as a percentage of total projected borrowing that is fixed rate. The maturity of borrowing is determined by reference to the earliest date on which the lender can require payment. The TM Code of Practice (Guidance Notes page 12) recommends that the Maturity Structure of fixed rate borrowing is to be broken down into several ranges if significant debt is held in periods in excess of 10 years.

- 4.1. Guidance from CLG on Local Government Investments in England requires that an Annual Investment Strategy (AIS) be set.
- 4.2. The Council's investment priorities are:
 - security of the invested capital;
 - liquidity of the invested capital;
 - an optimum yield which is commensurate with security and liquidity.
- 4.3. Investments are categorised as 'Specified' or 'Non Specified' investments based on the criteria in the CLG Guidance. Potential instruments for the Council's use within its investment strategy are contained in Appendices C and D. The Executive Director of Finance and Resources, under delegated powers, will undertake the most appropriate form of investments in keeping with the investment objectives, income and risk management requirements and Prudential Indicators. Decisions taken on the core investment portfolio will be reported to the Audit Board meeting.
- 4.4. Changes to investment strategy for 2011/12 include:
 - AAA-rated Variable Net Asset Value (VNAV) Money Market Funds
 - T-Bills
 - Local Authority Bills
 - Term deposits in Sweden
 - Maximum duration for new term deposits 2 years
- 4.5. The Council's current level of investments is presented at Appendix A.
- 4.6. The Council's in-house investments are made with reference to the outlook for the UK Bank Rate and money market rates.
- 4.7. In any period of significant stress in the markets, the default position is for investments to be made with the Debt Management Office or UK Treasury Bills. (The rates of interest from the DMADF are below equivalent money market rates, but the returns are an acceptable trade-off for the guarantee that the Council's capital is secure.)
- 4.8. The Council selects countries and the institutions within them (see Appendix C), for the counterparty list after analysis and careful monitoring of:
 - Credit Ratings (minimum long-term A+ for counterparties; AA+ for countries)
 - Credit Default Swaps (where quoted)
 - GDP; Net Debt as a Percentage of GDP
 - Sovereign Support Mechanisms/potential support from a wellresourced parent institution
 - Share Prices (where quoted)
 - Macro-economic indicators
 - Corporate developments, news and articles, market sentiment.

- 4.9. The Council and its Treasury Advisors, Arlingclose, will continue to analyse and monitor these indicators and credit developments on a regular basis and respond as necessary to ensure security of the capital sums invested.
- 4.10. The UK Bank Rate has been maintained at 0.5% since March 2009, and is anticipated to remain at low levels throughout 2011/12. Short-term money market rates are likely to remain at very low levels for an extended period which will have a significant impact on investment income.
- 4.11. To protect against a lower for longer prolonged period of low interest rates and to provide certainty of income, 2-year deposits and longer-term secure investments could be considered against the context of the Council's balance sheet. The longer-term investments will be likely to include:
 - Term Deposits with counterparties rated at least A+ (or equivalent)
 - Supranational Bonds (bonds issued by multilateral development banks): Even at the lower yields likely to be in force, the return on these bonds will provide certainty of income against an outlook of low official interest rates.
- 4.12. The Council has placed an upper limit for principal sums invested for over 364 days, as required by the Prudential Code. This limit is to contain exposure to the possibility of loss that may arise as a result of the Council having to seek early repayment of the sums invested.

4.13.

| No | Upper Limit for | 2010/11 | 2010/1 | 2011/1 | 2012/1 | 2013/1 |

5. Outlook for Interest Rates

5.1 The economic interest rate outlook provided by the Council's treasury advisor, Arlingclose Ltd, is attached at Appendix <u>B</u>. The Council will reappraise its strategy from time to time and, if needs be, realign it with evolving market conditions and expectations for future interest rates.

6. Balanced Budget Requirement

6.1. The Council complies with the provisions of S32 of the Local Government Finance Act 1992 to set a balanced budget.

7. **2011/12 MRP Statement**⁷

⁶ Please make allowance within this Indicator for amounts invested for **1 year**, i.e 365/366 days.

⁷ The Annual MRP Statement is subject to Council approval and may therefore be reported separately to Council instead of being incorporated into the TMSS.

- 7.1. The Local Authorities (Capital Finance and Accounting)(England)(Amendment) Regulations 2008 (SI 2008/414) place a duty on local authorities to make a prudent provision for debt redemption. Guidance on Minimum Revenue Provision has been issued by the Secretary of State and local authorities are required to "have regard" to such Guidance under section 21(1A) of the Local Government Act 2003.
- 7.2. The four MRP options available are:

Option 1: Regulatory Method

Option 2: CFR Method

Option 3: Asset Life Method

Option 4: Depreciation Method

7.3. The Council's CFR at 31st March 2011 is expected to be nil in relation to capital expenditure funded from borrowing and therefore there is no requirement to charge MRP in 2011/12.

8. <u>Monitoring and Reporting on the Treasury Outturn and Prudential</u> Indicators

Treasury activity is monitored quarterly and reported internally to Cabinet and the Performance Monitoring Board. The Prudential Indicators will be monitored through the year by the Executive Director of Finance and Resources and reported as under:

The Executive Director of Finance and Resources will report to the Performance Monitoring Board and Cabinet on treasury management activity / performance and Performance Indicators as follows:

- (a) Quarterly against the strategy approved for the year.
- (b) The Council will produce an outturn report on its treasury activity no later than 30th September after the financial year end.
- (c) The Audit Board will be responsible for the scrutiny of treasury management activity and practices.

9. Other Items

Training

CIPFA's Code of Practice requires the Executive Director of Finance and Resources to ensure that all members tasked with treasury management responsibilities, including scrutiny of the treasury management function, receive appropriate training relevant to their needs and understand fully their roles and responsibilities.

Responsibility for the scrutiny of the Treasury Management function will rest with the Audit Board. The Executive Director of Finance and Resources will ensure that adequate training is provided for all relevant Members during the Financial Year.

Investment Consultants

The CLG's Guidance on local government investments recommend that the Investment Strategy should state:

- Whether and, if so, how the authority uses external contractors offering information, advice or assistance relating to investment and
- How the quality of any such service is controlled.

The Council uses external consultants, Arlingclose for information and advice relating to investments. Updated information is received and monitoring undertaken by regular meetings and reports between the Executive Director of Finance and Resources and representatives from Arlingclose.

FEES AND CHARGES 2011/12

| Relevant Portfolio Holder | Councillor Geoff Denaro |
|---------------------------|-------------------------------------|
| Relevant Head of Service | Teresa Kristunas, Head of Finance & |
| | Resources |
| Non-Key Decision | |

1. SUMMARY OF PROPOSALS

1.1 To set out the fees and charges to be levied on services provided by the Council as used as the basis for income targets in the Medium Term Financial Plan 2011/12 – 2013/14.

2. **RECOMMENDATIONS**

2.1 It is recommended that Cabinet approve the fees and charges as presented in Appendix A.

3. BACKGROUND

3.1 The Medium Term Financial Plan has been prepared on the basis that additional income will be generated from fees and charges. The guideline increase provided to Heads of Service in order to undertake the review was 3 – 5% or more if comparison with other local authorities demonstrate that a high charge is appropriate.

4. KEY ISSUES

- 4.1 Heads of Service and service managers have assessed the level of fees and charges based on a guideline 3 5% increase. The proposed fees and charges are set out in Appendix A.
- 4.2. The standard rate of VAT increased from 17.5% to 20.0% from 1st January 2011. The charges set out in Appendix A take account of this increase.
- 4.3. It is proposed that the revised fees and charges will be advertised to the public within approved deadlines with a start date of 1st April 2011, or as soon as practicable thereafter, dependant upon the notice period required prior to implementation.

5. FINANCIAL IMPLICATIONS

CABINET

Date 23rd February 2011

5.1 It is estimated that the proposed charges will generate additional income of £188k. A number of service areas have experienced reductions in income levels and these have been identified in the budget report.

6. **LEGAL IMPLICATIONS**

6.1 There are no legal implications.

7. POLICY IMPLICATIONS

7.1 There are no policy implications.

8. **COUNCIL OBJECTIVES**

8.1 The increase in fees and charges will enable resources to be made available to fund the priority areas in the district.

9. RISK MANAGEMENT INCLUDING HEALTH & SAFETY CONSIDERATIONS

9.1 There is a risk the if fees and charges are not increased that income targets will not be achieved and the cost of services will increase.

10. **CUSTOMER IMPLICATIONS**

10.1 The implementation of the revised fees and charges will be notified in advance to the customer to ensure that all users are aware of the new charges and any concessions available to them.

11. **EQUALITIES AND DIVERSITY IMPLICATIONS**

11.1 None.

12. VALUE FOR MONEY IMPLICATIONS, PROCUREMENT AND ASSET MANAGEMENT

12.1 None.

13. CLIMATE CHANGE, CARBON IMPLICATIONS AND BIODIVERSITY

13.1 None.

14. HUMAN RESOURCES IMPLICATIONS

CABINET

Date 23rd February 2011

14.1 There are no human resource implications.

15. **GOVERNANCE/PERFORMANCE MANAGEMENT IMPLICATIONS**

15.1 Monitoring will be undertaken to ensure that income targets are achieved.

16. COMMUNITY SAFETY IMPLICATIONS INCLUDING SECTION 17 OF CRIME AND DISORDER ACT 1998

16.1 None.

17. HEALTH INEQUALITIES IMPLICATIONS
