This location won't affect traffic flow or access as there are always plenty of cars parked along this road.

Sugarbrooke Rd is a much safer option for everyone than Sherwood Road as

Dear Mrs May

Your ref: 18/01887/STRETR(18/01887/STRETR)

In response to your recent correspondence regarding the above proposal I wish to express my concern regarding this proposal as follows:

1. On looking at the proposed positioning of the Unit I feel this would be totally unsafe and would cause an obstruction for vehicles coming from the Units situated to the rear of Oakland furniture.
2. Sugarbrook Road is always congested and there is insufficient parking facilities for the use of Patrons to the Dance Studio/Gym who constantly park all along this road.
3. There is a new business which has the use of 35 Lorries and these vehicles will be travelling along the road constantly .
4. It is sometimes almost impossible for us to get our Coaches and mini-coaches up the road due to the already congested area and Vehicles frequenting the Hot Food and Beverage Unit will add extra congestion.
5. There is a constant flow of traffic in and out of Jefferies Tyres and the entrance to their unit is within 20 feet of the proposed siting of the Unit - albeit on the opposite side of the road I am convinced this will cause even more mayhem.

Whilst I'm not completely against a unit of this nature I feel that this is definitely not an ideal site due to the already very busy road added to the fact that we already have a Greggs and Subway on the Industrial Estate which is adequate.

I hope this clarifies my feelings regarding this application.

Dear Sirs

Re: 18/01/887/STRETR

I wish to express my Concern regarding the application to situate the Snack Bar on Sugarbrook Road and would like to strongly oppose this.

I have looked at the plans and am very concerned at the actual position of this as it is within yards of the entrance to my business. I experience difficulty at the moment with vehicles that congest both sides of the Sugarbrook Road thus often causing obstructions and at times preventing my Customers access to my Unit.

The Road is used by larger vehicles on a daily basis and I feel that should this application be successful this will increase dramatically due to Drivers using the Snack Bar.

The Snack Bar would also cause a visual obstruction for Vehicles coming from the rear units near Oakland Furniture.

We already have Greggs and Subway situated on the Industrial Estate and feel this is sufficient.

I trust that you will consider my comments regarding this matter.

Yours faithfully

S Jefferies (Proprietor)

Dear Mrs May

Further to your letter regarding an application for a possible grant of a Street Trading unit in Sherwood Road, I would like to formally register my objection.

I have huge concerns first of all for the investment I have made into my Subway store, having invested in excess of £120,000, and then there to be competition from additional units other than the existing Greggs. We are just finding our feet and trying our best to build the business to a sustainable level. Although Subway is a National Brand each Subway store is franchisee owned and operated. My store is a family owned business that employs 6 local employees. As a fairly new business we are just about keeping our head above water and I think a street trading unit could affect me in a bad way.

We also have more overheads than our competitors due to having to pay Royalties and advertising to Subway.

We also pay between £6,500/7,000 business rates annually. Which I highly doubt the street trading unit will be paying that sum.

Our other concerns include additional traffic in Sherwood Road, Parking issues, additional litter, unsocial behaviour and confrontation, in particular at the times proposed for operation.

In the period we have been open we have noted that once the industrial units close around 5pm there is not many people in the vicinity so can only imagine that the Street Trading will attract customers from outside the area, more than likely youngsters or "boy racers" which would be a security risk to all the businesses currently trading in Sherwood Road.

I trust serious consideration will be given to my concerns before considering the grant of the street trading license.

Look forward to hearing from you.

Raj Sandhar

1.0 INTRODUCTION

1.1 Bromsgrove District

- 1.1.1 Bromsgrove District Council is situated in the County of Worcestershire, which contains six District Councils in total. The Council area has a population of approximately 93,600 and in terms of area it covers approximately 84 square miles.
- 1.1.2 The Council area is mainly rural in character (90% of the area is classed as Green Belt) with two central urban areas of Bromsgrove Town and Rubery.
- 1.1.3 Whilst it is only 14 miles from central Birmingham, the Clent and Lickey Hills provide an important dividing line between the industrial Midlands and the rural landscape of North Worcestershire.
- 1.1.4 Bromsgrove District Council's overall vision is "working together to build a district where people are proud to live and work, through community leadership and excellent services." This policy statement accords with this overall vision and attempts to help further the Council's strategic purposes, which are:
- Keep my place safe & looking good.
 - Help me run a successful business
 - Help me to be financially independent
 - Help me to live my life independently
 - Help me find somewhere to live in my locality
 - Provide good things for me to see, do & visit

1.2 The Policy

- 1.2.1 This document states Bromsgrove District Council's Policy on Street Trading, as defined by the Local Government (Miscellaneous Provisions) Act 1982 (Section 3 and Schedule 4).
- 1.2.1 In exercising its discretion in carrying out its regulatory functions, Bromsgrove District Council will have regard to this Policy document and the principles set out therein.
- 1.2.2 Notwithstanding the existence of this Policy, each application will be considered on its own merits, with reference to the principles and procedures that are detailed in this Policy.

1.3 The Objectives of this Policy

- 1.3.1 This Policy recognises the important service that is provided by street traders and the contribution they make to the local economy.
- 1.3.2 The objective of this Policy is to create a trading environment in which street trading complements existing premises-based retailing activities, is sensitive to the needs and concerns of residents and provides diversity in terms of consumer choice.
- 1.3.3 The Policy aims to ensure that street trading does not undermine safe and efficient passage along public highways.
- 1.3.4 This Policy aims to balance the needs of the wider community, local community and street traders, against the needs of those who may be adversely affected by the street trading activities.
- 1.3.5 The Policy aims to provide consistency and transparency in the way in which the Council deals with street trading and to ensure that street trading is fairly, appropriately and proportionately controlled, in line with the Regulator's Code.

1.4 The Law

- 1.4.1 The Local Government (Miscellaneous Provisions) Act 1982 (Section 3 and Schedule 4) provides the legal framework for the control of street trading in England and Wales. This activity is defined as "*the sale and exposing or offering for sale any article, including a living thing, in a street.*" Streets are further defined as to include any road, footway, beach, or other area to which the public have access without payment.
- 1.4.2 The main purpose of this legislation is to establish an appropriate regulatory regime which prevents undue nuisance, interference or inconvenience to the public brought about by street trading. This legislation provides local authorities with the power to designate specific areas within their administrative boundaries as either:

- Prohibited Streets: those which are not open to street traders
- Consent Streets: where street trading is prohibited without Local Authority consent
- Licence Streets: where trading is prohibited without a Local Authority licence

1.4.3 Local authorities can place conditions on any Consent or Licence granted. The Act also creates offences associated with trading in Consent or Licence streets without the necessary authority: the person guilty of such an offence may be liable, on conviction, to a fine of up to £1000.

1.4.4 There are, however a number of exemptions provided in the Act, which are not considered to be street trading. These are detailed in Section 10 below (definition of 'Street Trading'). However it is important to note that exempted traders are still controlled by other regulatory legislation.

1.5 Licensing Act 2003

1.5.1 It should be noted that should a street trader wish to sell alcohol or provide late night refreshment, additional authorisation will be needed under the terms of the Licensing Act 2003.

1.5.2 Late night refreshment is the supply of hot food or drink between the hours of 11pm and 5am on any day of the week.

1.5.3 Licensing Officers will be able to provide further information on the requirements of the Licensing Act 2003.

2.0 DESIGNATION OF STREETS FOR THE PURPOSES OF STREET TRADING

2.1 Consent Streets

- 2.1.1 Bromsgrove District Council has resolved to designate all streets in the District (as existing at the time of the making of the resolution and in the future) as consent streets with effect from 1st December 2017.

3.0 APPLICATIONS FOR A STREET TRADING CONSENT

3.1 Advice for New Applicants

- 3.1.1 New applicants are advised to contact the Council at their earliest opportunity, preferably before an application is made. This allows Officers to provide advice, as well as clarifying any areas of uncertainty.
- 3.1.2 It is the responsibility of the applicant, in the first instance, to identify the location(s) in which they wish to trade as there is no designated list of street trading “pitches” that can be traded from.
- 3.1.3 The Council can also provide advice in relation to other legal requirements of a new Consent Holder, for example, planning permission or food safety requirements.

3.2 Applications

- 3.2.1 All applications for grant or renewal of a Street Trading Consent must be made on the Council’s prescribed application form.
- 3.2.2 Each application must be accompanied by the prescribed application fee. An application will not be considered as duly made until the prescribed application fee has been received.
- 3.2.3 The following will also be required to be submitted with the application form:-
 - Where the proposed trading is from a fixed location, a copy of a plan at a minimum scale of 1:2000, unless an alternative scale has been specified by a Licensing Officer. This plan should clearly identify the proposed site location by marking the site boundary with a red line.
 - Where the trading is proposed to take place on a mobile basis, a list of the relevant Towns/Parishes in which trading is proposed to take place providing details where possible about specific areas.
 - Confirmation that an adequate level of third party public liability insurance is, or will be, in place during street trading activity.
 - Where the trading is to take place from private land, documentary evidence that the landowner has given their consent to the applicant to trade from their land.
 - Two passport sized photographs of the applicant and any person who will be assisting with the trading on a regular basis. One of the photographs of each person must be endorsed with a statement verifying the likeness of the photograph to the applicant by a solicitor, notary, a person of standing in the community or any individual with a professional qualification.
 - A colour photograph of any trailer, stall or other vehicle from which the street trading activities are proposed to take place.

- Food hygiene certificates (where relevant)
- Proof of registration as a food business (where applicable)
- Satisfactory certificates confirming the safety of any gas or electrical installations within the trailer, stall or vehicle from which the street trading activities are proposed to take place.
- Certificates to confirm that any fire fighting equipment within the trailer, stall or vehicle from which the street trading activities are proposed to take place have been appropriately serviced and maintained.
- If a vehicle is to be used as part of the street trading activities, registration details of the vehicle including confirmation of the registered keeper of the vehicle and their address.
- Proof of the applicant's address and of their right to live and work in the United Kingdom.

3.2.4 Applications cannot be considered from anyone under the age of 17.

3.3 Processing an Application

3.3.1 Applications for grant or renewal of a Street Trading Consent will be notified by the Council to the following:-

- West Mercia Police
- Worcestershire County Council (Highways)
- Highways England
- The relevant Parish Council(s)
- The District Councillor(s) for the Ward(s) concerned
- Environmental Health Officers at Worcestershire Regulatory Services
- The Planning Authority
- Safer Bromsgrove
- Bromsgrove District Council Environmental Services
- North Worcestershire Economic Development and Regeneration (NWEDR) team
- Trading Standards
- The owners / occupiers of any residential and/or business properties in the vicinity of the proposed location of any static trading site.
- Any other relevant organisation

3.3.2 Additionally, where the application is for grant of a new Consent in respect of a fixed location, the applicant must also advertise their application by displaying the prescribed Public Notice at the relevant location for not less than 21 days beginning with the day after the application for Consent is made to the Council. The form of the Public Notice required is shown at **Annex A** to this Policy.

3.3.3 The Council will allow 28 days from the date that the application is received and confirmed as valid, for people to make representations or objections in relation to the application.

3.3.4 Representations or objections will be accepted from any of the bodies listed at 3.3.1 and any other individual or business that can demonstrate that they would be materially affected by the proposed street trading activities.

3.4 Determining Applications with no Representations or Objections

3.4.1 Where no representations or objections are received within 28 days of the application being received, Officers will grant Consent to the applicant in the terms that it was applied for.

3.5 Determining Applications through Mediation

3.5.1 Where a representation or objection is received in respect of an application, a Licensing Officer will, in the first instance, attempt to mediate between the relevant parties.

3.5.2 For example, it may be possible to find a compromise position in one of the following ways:-

- amending the times during which trading will take place;
- amending the days on which trading will take place;
- adding conditions to the Consent to address specific concerns;
- granting Consent for a trial period to assess the impact; or
- amending the list of articles to be sold.

3.5.3 Where all relevant parties agree to a compromise position, the Consent will be granted by Officers, subject to the agreed amendments.

3.6 Determining Applications Where Mediation Is Not Possible

3.6.1 Where representations or objections are received and it is not possible to reach an agreed compromise, the application can be referred, at the applicant's request, to the next available Licensing Sub-Committee for determination.

3.6.2 The Licensing Sub-Committee will be conducted in accordance with the Council's standard procedure.

3.7 Key Considerations

3.7.1 Each application will be considered on its own merits.

3.7.2 The Council will have regard to all of the circumstances and all of the representations and objections that it receives. The Council will normally grant or renew a Street Trading Consent unless, in its opinion,:-

- a significant effect on road safety would arise either from the siting of the trading activity itself, or from customers visiting or leaving the site; or
- there are concerns over the recorded level of personal injury accidents in the locality where the street trading activity will be sited; or
- there would be a significant loss of amenity caused by traffic, noise (whether from trading unit or its customers), light pollution, rubbish, air quality, potential for the harbourage of vermin; or
- there is already adequate like provision in the vicinity of the site to be used for street trading purposes; or
- there is a conflict with Traffic Orders such as waiting restrictions; or
- the site or pitch obstructs either pedestrian or vehicular access, or traffic flows, or places pedestrians in danger when in use for street trading purposes; or
- street trading activities would undermine the safe and efficient passage along public highways and cause congestion; or
- the pitch interferes with sight lines for any road users such as at road junctions, or pedestrian crossing facilities; or
- the site does not allow the Consent Holder, staff and customers to park in a safe manner; or
- the trading activity would detract from the visual or other attractions of the area in which it takes place, particularly designated Conservation Areas, Areas of Outstanding Natural Beauty and Sites of Special or Scientific Interest; or
- street trading activities would conflict with the solemnity and tranquillity that can reasonably be expected at sensitive locations, such as close to a place of worship, cemetery, crematorium etc; or
- the street trading activity is carried out after dusk and the site is not adequately lit to allow safe access and egress from the site for both customers and staff; or
- a Consent has already been granted to another person to trade similar articles in the immediate vicinity.
- the proposed consent holder is not considered to be a suitable person to be granted a street trading consent for any reason.

3.8 Options Available to Licensing Sub-Committee
