Agenda Item 4

Please state the ground(s) for review (please read guidance note 2)

This review has been brought due to the licensed premise being found to be in possession of illicit tobacco products and for selling a nicotine inhaling product to a 15-year-old child.

On the 08/09/2021, the shop was visited following a report that the shop was selling alcohol, cigarettes and vaping products to children. During the visit, illicit tobacco was discovered behind the sales counter and the storeroom. The amount seized from these premises by Trading Standards were 5,080 cigarettes and 0.85kg of hand rolling tobacco (HRT) which represents a retail value of £2,940.

Illicit tobacco products are cigarettes and hand rolling tobacco (HRT) which are either counterfeit, duty evaded or fail to comply with the standardised packaging and health warning information regulations.

On 26th October 2021, Trading Standards carried out an age restricted test purchasing exercise using two 15-year-old volunteer children. Sozan Qadir TAHA, the Premise Licence Holder (PLH) and Designated Premises Supervisor (DPS) sold a nicotine inhaling product, known as an Elf Bar, which is a disposable vaping device to the 15 year old child., contrary to S 92 (2) of the Children and Families Act 2014 it being an offence to breach a prohibition in regulations, that is Regulation 3 of Nicotine Inhaling Products (Age of Sale and Proxy Purchasing) Regulations 2015.

The criminal offences associated with the possession and supply of illicit tobacco and the sale of a nicotine inhaling product to a person under 18 years of age from this licensed premise are as follows.

- Licensing Act 2003 – Section 144
It is an offence to knowingly keep, or allow to be kept any goods on a licensed premises smuggled goods. That is goods which have been imported without payment of UK duty
The seizure from the licensed premises were found to have none of the HMRC “track and trace” unique identification codes, so they were all duty evaded products. That is smuggled goods for the purposes of section 144 of the Licensing Act 2003
Maximum sentence: £1000 fine
- Standardised Packaging of Tobacco Products Regulations 2015, Part 5 Regulation 15(1)
It is an offence to supply, expose or have in possession for supply, cigarettes and tobacco products which are not packaged in the regulated brown colour (Pantone 448c) and format. That is, bright colours, patterns, stylised fonts and logos are prohibited
The seizure made from the shop included non-standardised packaging, contrary to these regulations
Maximum sentence: 2 years imprisonment and/or an unlimited fine

Agenda Item 4

- Tobacco and Related Products Regulations 2016 Part 9 Regulation 48(a)(i)
It is an offence to supply, expose or have in possession for supply, cigarettes and tobacco products which do not provide the statutory written and pictorial health warning. That is all packaging for cigarettes and hand rolling tobacco shall contain the regulated written and pictorial health warnings on both the front and back of the packs
The seizure made from the shop included packs of cigarettes and hand rolling tobacco that failed to comply with these regulations
Maximum sentence: 2 years imprisonment and/or an unlimited fine
- Children and Families Act 2014 contrary S 92 (2)
It is an offence to breach a prohibition in regulations, that is Regulation 3 of Nicotine Inhaling Products (Age of Sale and Proxy Purchasing) Regulations 2015. That is to sell nicotine inhaling products to anyone under 18 years of age
The sale of the Elf Bar to the 15-year-old child contravened this legislation
Maximum sentence: £2500 fine

Trading Standards are also pursuing a criminal investigation against the PLH, which is likely to be brought before the Courts.

Agenda Item 4

Please provide as much information as possible to support the application (please read guidance note 3)

On 08/09/2021 at 15:40 hours, Trading Standards Officers visit the licensed premise of UK Mini Market, 38 Worcester Road, Bromsgrove in response to community intelligence that the shop had been selling alcohol, cigarettes, vaping products and energy drinks to children. The purpose of the visit was twofold. Firstly, to provide advice and guidance on age verification measures the shop should take to avoid selling age restricted products to persons under 18 years of age. Secondly, to check that goods within the shop were legal to sell.

On approaching the shop, a group of children in school uniforms were observed leaving the shop carrying cans of energy drinks. However, it should be noted that energy drinks are not an age restricted product as far as the law is concerned, although some retailers impose a voluntary ban on the sale of energy drinks to under 18's.

On entering the shop, the husband of the PLH/DPS, Zerak RASWL was behind the counter. He was the only person present in the shop. He was notified about the allegation that the shop had been supplying alcohol, cigarettes, and vaping products to minors. He was given practical advice and guidance on age verification measures that could be taken to avoid the sale of alcohol and other age restricted products to persons under 18 years of age. This advice included the issuing of "Challenge 25" posters to displayed in the shop.

An inspection of the storeroom at immediately to the rear of the shop counter revealed that illicit tobacco products were found in various locations in three bags and one box. Photograph 1 shows the 3 bags and box after they had been removed from the storeroom. Behind the sales counter a box was discovered on the floor that also contained illicit tobacco products. Photograph 2 shows the location of this box. These items were subsequently seized as they were suspected of contravening the legislation stated in the section above.

Trading Standards Officers requested to Zerak RASWL to show the CCTV footage from earlier in the day, but the CCTV had not been recording any footage when he tried to access the system.

The seized illicit tobacco was subsequently catalogued, and it was established that 5,040 cigarettes (252 packs) and 0.8kg of HRT (16 packs) had been seized. This represented a retail value of £2,940. Trade Mark holders confirmed that the, Superkings, Benson & Hedges and Lambert & Butler brands of cigarettes and Amber Leaf brands of HRT were counterfeit. There were 175 counterfeit packs in total which contravened the Trade Marks Act 1994. There were 236 packs of cigarettes and hand rolling tobacco that failed to comply with the standardised packaging regulations. There were 236 packs of cigarettes and HRT that failed to comply with tobacco and related products regulations. None of the 252 packs seized had a unique HMRC "track and trace" information and were therefore all duty evaded, thereby contravening section 144 of the Licencing Act 2003

On 22/09/2021 at 15:30 hours a multi-agency enforcement visit was made to UK Mini Market, with WRS Licensing, Redditch and Bromsgrove District Council's Private Sector Housing, the Fire Service and West Mercia Police. Some issues relating to fire safety in the unoccupied residential flat above the shop were found. There were some issues found relating to licence conditions attached to the premise licence. No illicit tobacco found in the shop or storeroom.

On 26/10/2021 at 14:20 hours, Trading Standards carried out an age restricted test purchasing exercise using two 15-year-old test purchasing volunteers. Sozan Qadir TAH, the Premise Licence Holder (PLH) and Designated Premises Supervisor (DPS) sold a nicotine inhaling product, known as an Elf Bar, which is a disposable vaping device to the 15 year old volunteer in contravention of the Children and Families Act 2014 and the Nicotine Inhalation Products (Age of Sale and Proxy Purchasing) Regulations 2015. Photograph 3 shows the Elf Bar that was sold by the PLH

Agenda Item 4

On 03/11/2021, Sozan Qadir TAHA, the PLH and DPS was formally interviewed by Trading Standards in respect of the seizure of illicit tobacco products and the sale of the nicotine inhaling vaping product to a 15-year-old child.

When asked to account for the presence of the illicit tobacco in her shop on 08/09/2021, the PLH stated that the tobacco products did not belong to the shop and had been left there the week before by an unknown person from a local car wash who had asked if they could look after the tobacco for him for a few days. The PLH/DPS stated the unknown male, who she had no contact details for, has never returned to collect his goods.

When asked to explain why she sold the nicotine inhaling product to a 15 year old child, she stated she normally asked for proof of age but on this occasion she was busy and stressed and did not ask for proof of age. The PLH showed the CCTV footage of the sale on her phone during the interview. Trading Standards Officers requested that the footage be emailed to them however, no email containing the footage was received.

The sale of illicit/counterfeit and non-duty paid tobacco products are having a very serious impact on the local economy. Legitimate retailers struggle to compete with dishonest traders who operate within the shadow economy.

Nationally, HMRC estimates that £1.9 billion per year is lost from UK Treasury due to illicit tobacco sales.

The availability of cheap tobacco undermines government and Public Health policies aimed at reducing the cost to the NHS of treating diseases caused by smoking. Legitimate tobacco products are highly priced through the taxation system to reduce their attractiveness and availability to reduce demand. Areas with a higher level of deprivation commonly have a higher than average proportion of smokers and associated smoking related diseases. Illicit cigarettes are sold at half the price of legitimate cigarettes and the cheap prices make it affordable to those on low income or children, enabling them to continue smoking or become hooked at a young age

The sale of the nicotine inhaling product to a 15-year-old child by the PLH demonstrated that the licensed premises has failed to heed the age verification advice provided by Trading Standards. This sale would also tend to validate the accuracy of the initial community report that shop, which stated alcohol and tobacco products were being sold to children from the shop in September 2021

Illicit tobacco traders are making large profits by selling cheap and potentially dangerous counterfeit products without any regards to public safety in respect of the counterfeit tobacco. Although all tobacco is harmful, with counterfeit tobacco it's even more dangerous as there are no health warnings, no quality or safety control on the content and self-extinguishing requirements of an ignited, discarded cigarette.

National intelligence suggests that the trade in illegal tobacco is often linked to more serious crime such as terrorism, human trafficking, prostitution and modern day slavery. The trade in illegal tobacco is believed to be seen as a low risk way of making money to help fund more serious crime. Local shopkeepers who sell illegal tobacco encourage the supply of further illegal products and help to provide funding for more serious crimes.

The section 182 guidance states that the Licensing Authorities sole role is to 'determine what steps should be taken in connection with the premises licence, for the promotion of the crime prevention objective'. In addition, it is the Licensing Authority's duty to take such steps which are in the interests of the wider community and not those of the individual licence holder. The guidance identifies certain criminal activity which should be treated as being particularly serious. The criminal activity listed in that paragraph includes the use of licensed premises for the sale of smuggled tobacco. Where reviews arise and the licensing authority determines that the crime prevention objective is being undermined it is expected that revocation of the licence-even in the first instance should be seriously considered.

Agenda Item 4

In the case of Crown (Bassetlaw District Council) v Worksop Magistrates' Court 2008, it was held that the powers under section 52 of the Licensing Act 2003 to revoke an alcohol licence can be used as a deterrent when criminal offences have been committed.

Trading Standards are of the opinion that the PLH/DPS, Sozan Qadir TAHA is involved in the supply of illicit tobacco products from the licensed premises of UK Mini Market, 38 Worcester Road, Bromsgrove. Given that she has ignored the previous advice and guidance to not sell age-restricted products and still sold a nicotine inhaling vaping product to a 15-year-old child, the Service concludes that she has a disregard for the licence objectives.

Trading Standards recommends a revocation of the alcohol licence to act as a deterrent to others.

 4. (1) Sub-paragraph (2) applies where the permitted price given by Paragraph (b) of paragraph 2 on a day ("the first day") would be different from the permitted price on the next day ("the second day") as a result of a change to the rate of duty or value added tax.

28 September 2021

Dear Mrs Taha,

**Licensing Act 2003 – Premises Licence 21/02404/PREMLI
UK Mini Market, 38 Worcester Road, Bromsgrove, Worcestershire, B61 7AE**

I am writing to you as the holder of premises licence 21/02404/PREMLI issued by Bromsgrove District Council in respect of UK Mini Market, 38 Worcester Road, Bromsgrove, B61 7AE.

On Wednesday 22 September 2021, I attended the premises as part of a multi-agency visit alongside colleagues from Worcestershire Trading Standards, West Mercia Police, Hereford and Worcester Fire & Rescue Service and Bromsgrove District Council's Housing Team.

During my visit I assessed whether the conditions attached to the premises licence were being complied with as required. Unfortunately, there were some conditions that are attached to the premises licence that it appears were not being complied with at the time of my visit. I have therefore enclosed a report with this letter highlighting the issues found and explaining what steps need to be taken to rectify these.

I would like to remind you that failing to comply with the conditions attached to the premises licence is an offence under the Licensing Act 2003. This offence carries a maximum penalty of an unlimited fine, six months imprisonment, or both. Therefore, I am sure you will take all required steps to ensure that the conditions of the licence are being complied with going forwards.

It is my intention to make a further visit to the premises in the coming weeks to assess whether steps have been taken to ensure all of the licence conditions are being complied with.

Yours sincerely

Application for Review of a Premises Licence

UK Mini Market, 38 Worcester Road, Bromsgrove, Worcestershire, B61 7AE

Representation on behalf of the licensing authority acting as a responsible authority

My name is Dave Etheridge. I am a Principal Licensing Officer for Worcestershire Regulatory Services and have been in my current role for nearly nine years. I have been working in the field of licensing and enforcement since 2004.

I am aware that Worcestershire Trading Standards have made application for a review of the premises licence issued to Mrs Sozan Qadir Taha in respect of:

UK Mini Market
38 Worcester Road
Bromsgrove
Worcestershire
B61 7AE

I submit this representation for consideration by the Licensing Sub-Committee when determining the review application. The representation is submitted on behalf of the licensing authority (Bromsgrove District Council) in their capacity as a responsible authority.

Initial Multi-Agency Visit to the Premises

On 22nd September 2021, I took part in a multi-agency visit to UK Mini Market, 38 Worcester Road, Bromsgrove, Worcestershire, B61 7AE.

I was invited to take part in the visit by officers from Worcestershire Trading Standards who were looking to visit the premises to follow up on an earlier visit where illicit tobacco products had been found on the premises. The multi-agency visit also involved officers from Worcestershire Trading Standards, West Mercia Police, Hereford and Worcester Fire and Rescue Service and Bromsgrove District Council's Housing Team.

I used the opportunity of this multi-agency visit to check that those running the premises were complying with the conditions attached to the licence when it was issued the previous month on 20th August 2021.

My checks highlighted a number of licence conditions that it appeared were not being complied with. As a result of my findings during the visit on 22nd September 2021, I wrote a letter to the holder of the premises licence, Mrs Sozan Qadir Taha, which was sent to the address she had provided when the licence was applied for in July 2021. The letter enclosed a report detailing the issues I had found during the visit and setting out the actions that were required as a result. A copy of my letter and enclosure is attached with this representation.

Agenda Item 4

Second Multi-Agency Visit to the Premises

On 10th February 2022 I took part in a further multi-agency visit to the premises. Others present at this visit were officers from Worcestershire Trading Standards, Hereford and Worcester Fire and Rescue Service and Bromsgrove District Council's Housing Team.

During this visit there was a female member of staff working in the shop who advised me that she worked at the premises five day per week during the daytime and that she had commenced her employment at the premises in early January 2022.

I explained that I was present to check that the issues identified in the visit in September 2021 had been rectified. Unfortunately a number of the issues remained and I will detail these below.

Licence Conditions Relating to CCTV

The member of staff present at the time of the visit was not able to demonstrate that the CCTV system provided storage capacity to store a minimum of 31 days footage.

The member of staff was only able to provide footage recorded in the preceding five minutes and was not able to operate the system to show footage recorded earlier that day or on any other dates in the preceding 31 days.

It was clear that the member of staff had not received sufficient training in order to ensure rapid data retrieval and downloads of footage can be provided to the Police & the Local Authority Officer upon reasonable request in accordance with the Data Protection Act.

I also inspected the records available of CCTV logs. There were only three entries in the CCTV log-book dated 1st October 2021, 1st November 2021 and 21st November 2021. It therefore would appear that the requirement to complete a weekly CCTV log is not being complied with.

Licence Condition Requiring to Use of an Incident Book

The incident book kept on the premises remained completely blank. This may suggest that the requirement to record relevant incidents in an incident book is not being complied with but equally could be because no relevant incidents have occurred at the premises that required recording.

Licence Condition Requiring Use of a Register of Refusals

The register of refusals maintained on the premises did have a number of entries dated between 1st October 2021 and 20th December 2021. There were no entries recorded after this date.

The member of staff on duty at the time of the visit told me that she had on previous occasions since she started working in the shop in January 2022 had cause to refuse the sale of alcohol to people she suspected of being under the age of 18 and who could not prove they were 18 or over. The member of staff told me she had forgotten that she was supposed to record such refusals in the refusals register.

Agenda Item 4

Licence Condition Requiring Staff Training

There were no completed records to demonstrate staff had been trained as required. The female member of staff present during our visit said that she had been given verbal training when she started working at the premises but confirmed she had not completed any written training sheets.

Licence Condition Requiring Signage at the Exits of the Premises

The signage required to ask customers to leave the premises and area quickly and quietly was still being displayed at the shop counter rather than at the public exit from the premises.

Conclusions

It was clear from my findings during the second multi-agency visit I attended on 10th February 2022, that very little progress had been made by the holders of the premises licence to secure that the conditions attached to the premises licence were being complied with. This was despite having been provided with a clear report detailing the issues that needed their attention and direction as to the actions they needed to take.

This, coupled with the information I have read in the review application submitted by Worcestershire Trading Standards, gives me very little confidence in the ability of the premises licence holder and their employees to uphold the four licensing objectives appropriately at the premises.

For that reason it is my belief that the Licensing Sub-Committee should give very serious consideration to using their powers to revoke the premises licence.
