

CABINET

RECOMMENDATIONS TO THE COUNCIL

1ST DECEMBER 2010

1. REVIEW OF PAY ON FOOT CAR PARKING

The Cabinet has considered a report on the re-introduction of the “incremental tariff” on the Council’s “Pay on Foot Car Parks.

The Cabinet RESOLVED:

- (a) that the incremental charging system as detailed in the report be re-introduced and that officers be tasked with undertaking a review of the car parking provision, the charging structure that supports this and the extent to which alternative methods of service delivery can be achieved in this area, with a view to the provision of a more sustainable and cost effective car parking provision as part of the current shared service review;
- (b)(i) that the cost implications of re-introducing incremental charging and the consequential effect this will have on the Medium Term Financial Plan for 2011/2012 and 2012/2013 be noted;
- (b)(ii) that this deficit be managed by the Executive Director of Finance and Resources as part of the wider budget setting process for future years.

It is therefore **RECOMMENDED**

that £45,000 be released from balances to ensure a balanced budget for 2010/2011 in respect of the incremental charging scheme.

2. IMPROVEMENTS TO LAUREL GROVE/BEECH ROAD PLAY AREA AND RECREATION GROUND

The Cabinet has considered a report on proposed improvements and enhancements to play and ancillary facilities at Laurel Grove/Beech Road Recreation Ground, to be funded from Section 106 monies.

It is therefore **RECOMMENDED**

that the scheme be included in the Forward Capital Programme for 2010/2011 and that officers be requested to undertake the works required before the “clawback” point is reached.
