### **Financial Commentary**

- The corporate savings required due to vacancy management and transformation have now been offset against savings found in the following service areas:
  - BDC Reg Client £14k
  - Business Transformation £40k
  - Environmental £37k
  - Legal & Democratic Services £41k
  - Leisure & Cultural Services £11k
- The variance on Finance and Resources is due to additional expenditure resulting from the Head of Service restructure. This is offset by future years savings within the service from the restructure
- A saving of £52k is currently predicted at the end of year compared with the initial budget set by Members in February 2013. Therefore it is assumed the Council will realise all vacancy and unidentified savings.
- Any underspend will be returned to balances to support future year expenditure.
