

Local Council Tax Support Scheme - Consultation Results

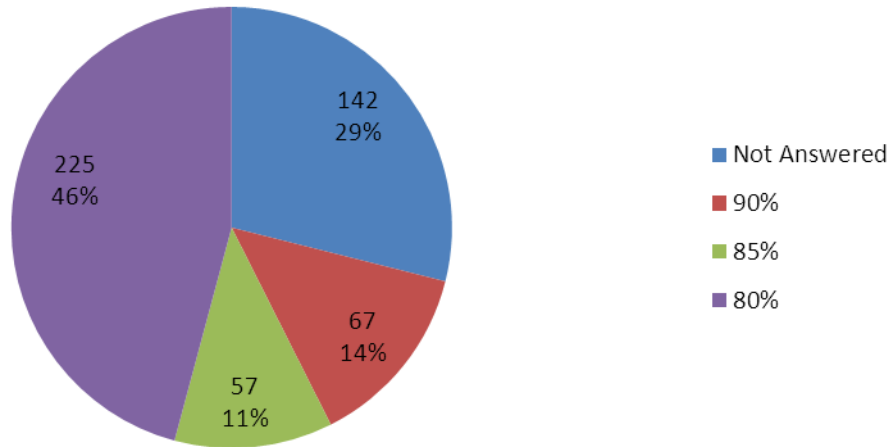

A total of 491 responses were received.

135 responses were received online and 356 were postal responses.

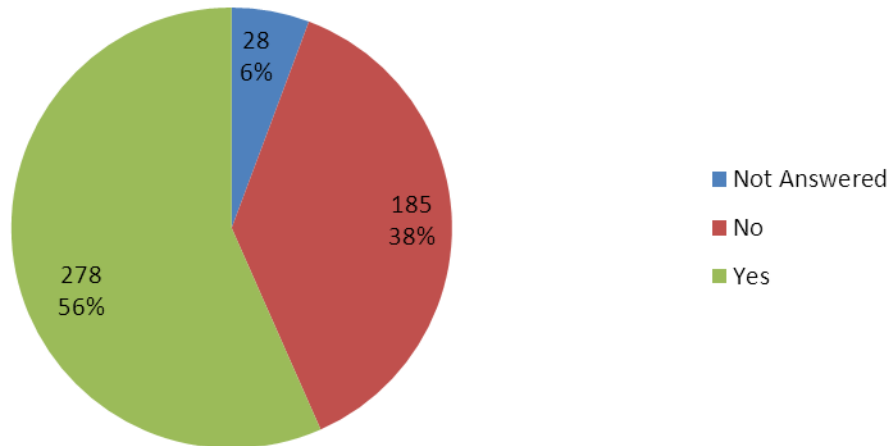

The responses to each question are displayed on the following charts.

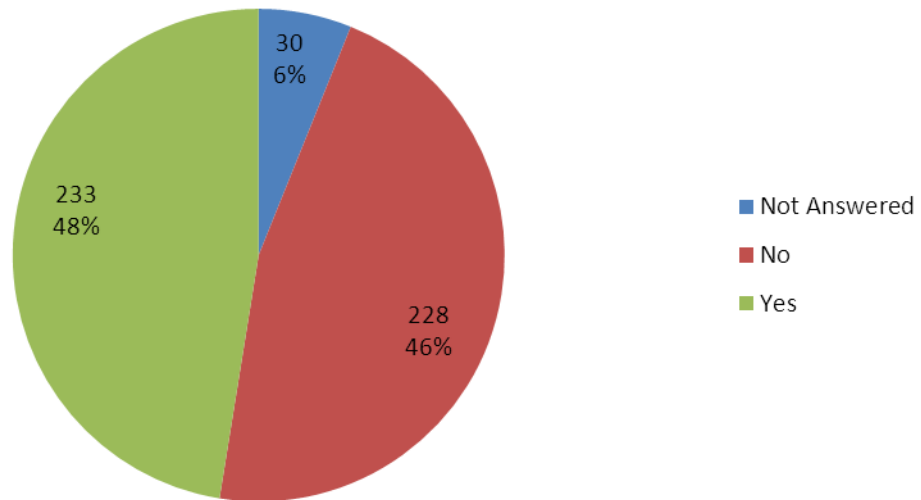

If yes what do you think should be the maximum amount of support as a percentage of the overall liability?

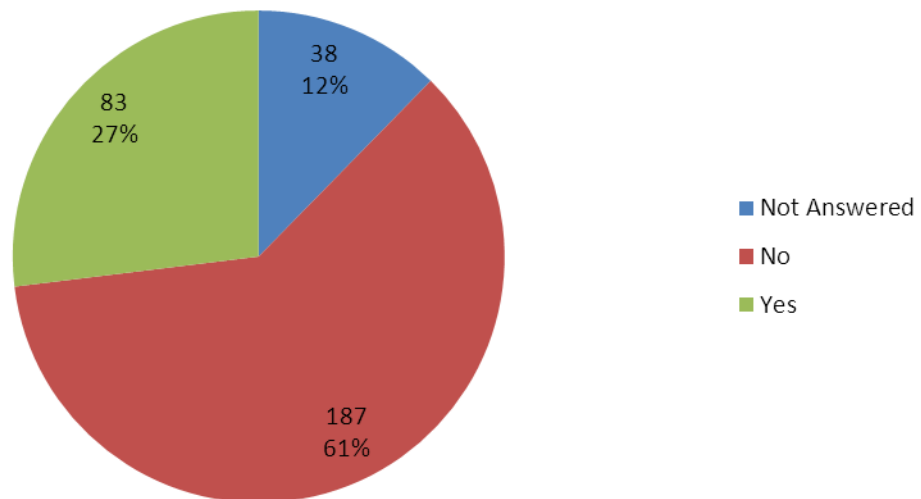

Should support for claimants in higher banded properties be capped at a lower band rate?

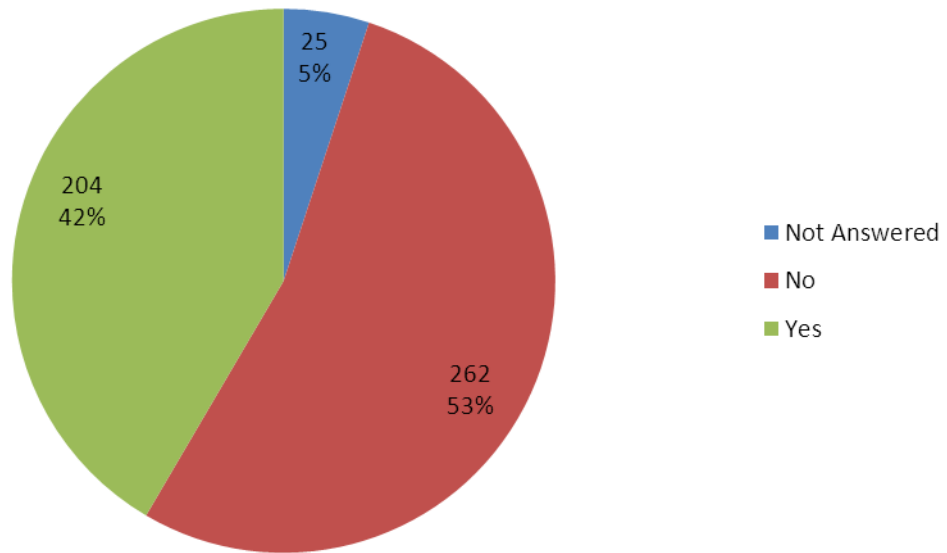

Should support in lower banded properties (A – D) be capped to the next lowest band?

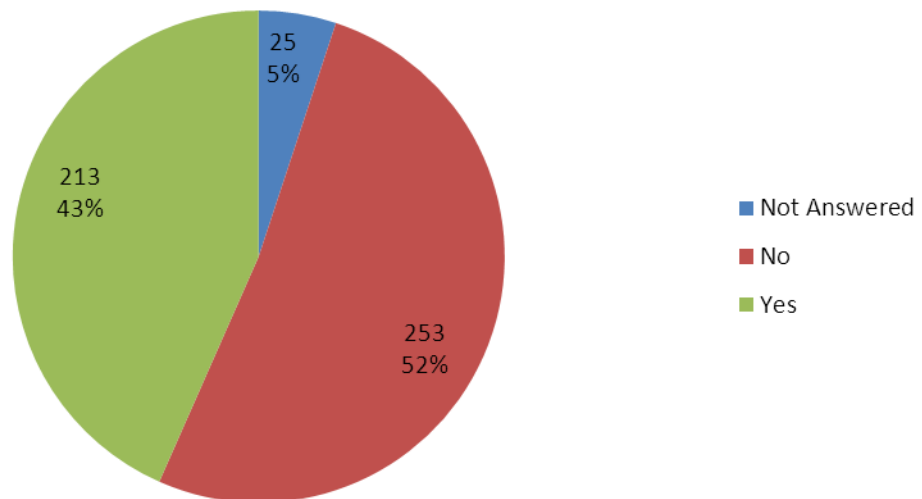

Should the provision of Second Adult Rebate be removed?

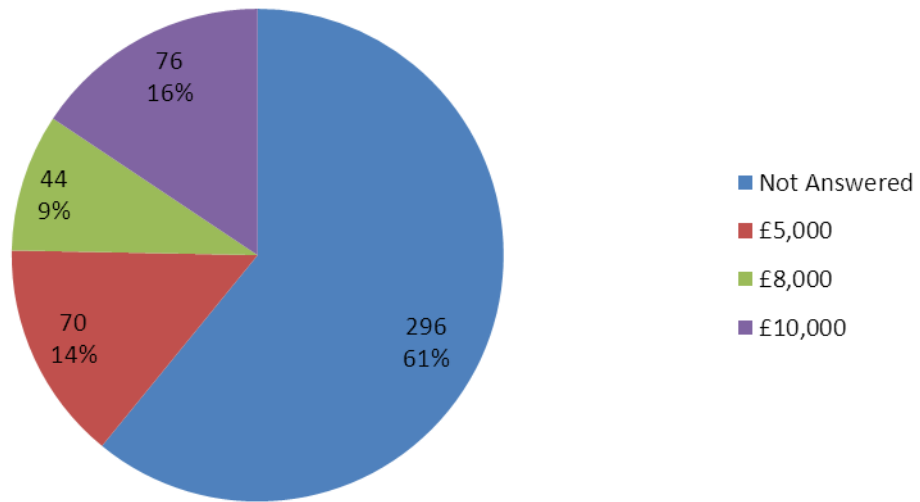

Should claims be backdated?

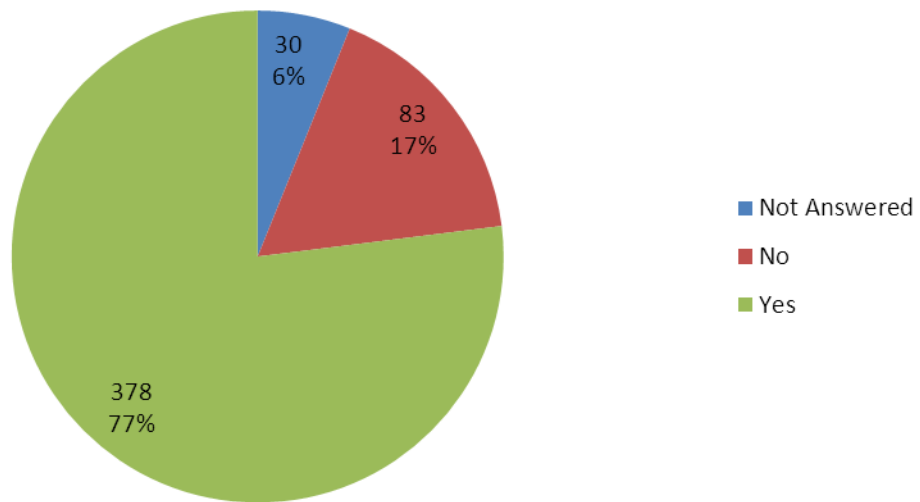

Should the amount of capital or savings that a claimant has be reduced?

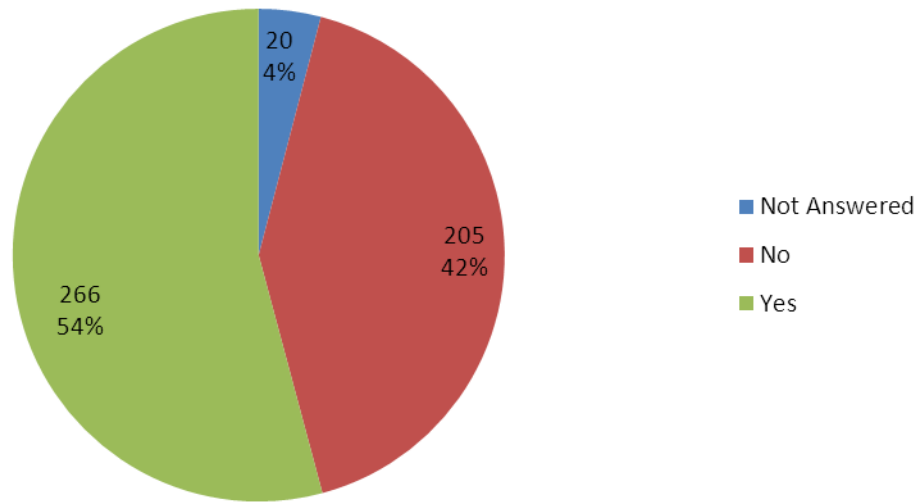

If yes, to what level do you think it should be reduced to?

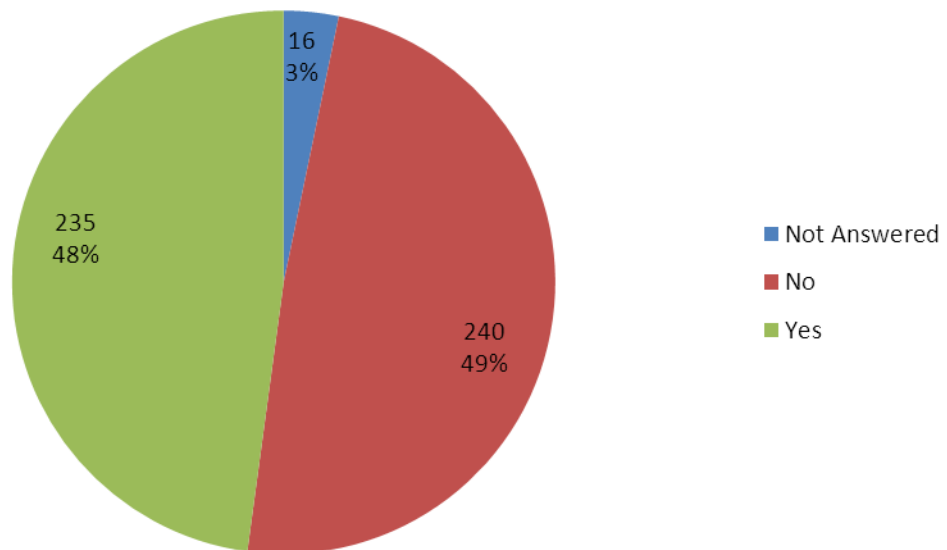

Should non-dependents income be taken into account?

Should discount on empty properties be reduced to 50% of liability for 1 month.

Are you of working age?

Are you, or have you ever been in receipt of Council Tax Benefit or Support?
