

Dear Sir

I understand the Management shop in May have been purchased by Co-op with the intention of selling beer and spirits.

I do ask you not to let this go ahead. Problems we already have here in Hollywood will be cleared with the sale of alcohol.

About 30 of us "oldies" were at our forum at the library last Monday evening when the you ~~tr~~ of our beer were making a real nuisance of themselves outside the library. This got worse - fighting many of us with an object being thrown at the building. Can you imagine what will happen with beer being sold dual opposite !!

HOLLYWOOD

Just a chip papers to deal with -
plus chips being dropped on pavement
marks it dangerous if you don't
happen to see them.

We really don't need anything else
bringing our area down. It was
one so nice to live round
here.

I hope you listen to the concerns
of us in our area. We really
do like our area to look pleasant
Thank you

Yours faithfully
