Planning Application
Midcountries Co-operative Ltd

OBJECTION

I would like to object to the planning application proposed by the Midcountries Co-operative Ltd. Some years ago there was a drinks outlet at the same premises and it caused many problems including noise, underage drinking and ultimately raw roads on the premises. Problems spill from the area, to the footpath joining May have and the Alcester Rd. This footpath is already used for the drinking of alcohol by teenagers and for drugs use. Local residents, very pleased at the closure of the last outlet will not be pleased at the opening of the co-operative outlet.

Yours Sincerely

Neighbourhood Watch
