Subject:

Dave,

I am informing you that West Mercia Police are making an objection to a variation in licence conditions for The Dog and Pheasant based on the previous incidents recorded against the premises this year, and a belief that a 4am licence would result in an accumulative effect in Bromsgrove High Street where other premises are also licensed to trade until 4am. I believe that, should a 4am variation be granted, there will be an increase in crime and disorder, public nuisance and a risk to public safety.

Kind regards

Sarah
