GENERAL INFORMATION

You are required to ensure that you are familiar with the contents of this Handbook, that it is kept up to date and made available for inspection upon request by an authorised officer of the Council.

Fees and Charges

All applications for licences are accepted subject to the following conditions:-

1. Fees and charges for all licences are payable at the same time as making your application and are not refundable under any circumstances once the licence has been granted.
2. Full details of all current fees and charges are set out in a separate leaflet which accompanies this handbook. Cheques should be made payable to Bromsgrove District Council. Dishonoured cheques will invalidate any licence which has been issued. For licences to be re-instated, payment must be made in cash at the Customer Service Centre.

Licence Renewal Reminders

As a licence holder, you are responsible for renewing your own licence(s). However, reminders will be sent to you and this will give you plenty of time to make the necessary arrangements.

Loss or Theft of Driver's Badge and Vehicle Plates

Loss or theft of your badge, or vehicle plates should be reported immediately to the Council and the Police. A replacement licence, badge or plate will be issued once you have paid the appropriate fee.

Vehicle Spot Fitness Checks

FROM TIME TO TIME YOUR VEHICLE MAY BE SUBJECT TO A SPOT CHECK. The check will be carried out either by the Police, The Council's authorised officers, the Council's nominated garage, or authorised vehicle examiners of the Vehicle Operator Services Agency (VOSA). Spot tests are normally carried out at the roadside. If your vehicle does not pass the spot test, then your vehicle licence will be suspended and your plate may be removed. This suspension may be either immediate or deferred. The type of action taken will depend upon the severity of the defects that have been discovered.

Immediate Suspension

This means that your vehicle cannot be used under any circumstances as a licensed vehicle until it has been re-examined and the suspension notice lifted by the Licensing Officer. Re-examination is by a full test being carried out at the Test Centre. If your vehicle licence is immediately suspended, the Licensing Officer will hand you a notice of suspension. Your attention is drawn to the warnings at the foot of the suspension notice.

Complaints about standard of driving

If complaints are received from the public about the driving skill of a licensed driver, the Council may require them to take the Driving Skills Assessment Test as applied to new drivers. If as a result of this test, the Council considers that the driver to be unfit to hold a driver's licence, the licence may be revoked under the Local Government (Miscellaneous Provisions Act) 1976.

Once you have met the above-mentioned criteria, please make an appointment with the Licensing Officer for an interview and bring with the following completed documentation:

- Licence application form;
- Licence fee; (see separate set for details of fees)
- Your original DVLA or equivalent driver's licence (photocopies will not be accepted). The licence must cover you for the category of vehicle you will be driving. If it is a photo card licence, then both the card and paper counterpart must be produced showing your current address. See explanatory note D.
- Provide a recent coloured passport sized photograph. See explanatory note E.
- A letter from your prospective employer confirming they will employ you should your application be successful.

- Criminal Records Bureau disclosure application form and fee - a search is carried out by the Criminal Records Bureau (CRB) for previous non-motoring convictions on all new applicants and then every 3 years. See explanatory note 'B'.

When completing the application form, you must declare all convictions imposed by a Court subject only to the constraints of the Rehabilitation of Offenders Act 1974 which are set out at page 57. If you are in any doubt as to whether a licence can be granted, you can get advice (in confidence) from the Licensing Section or if you are unsure how to complete any part of the application.

If any convictions arise during the application process, the Licensing Section must be informed in writing with 7 days from the date of conviction.

Stage 2

On receipt of a satisfactory CRB disclosure and DVLA check, you will now need to obtain a medical report and undergo a drug test from your Doctor. Time taken by the CRB and/or DVLA to check your records is out of the Council's control.

Stage 3

On receipt of a satisfactory medical report and drug test, an appointment will be made for you at a mutually convenient date/time, for you to take the knowledge test.

The knowledge test will consist of three parts:-

- Part 1 - You will be given a map on which names of streets and popular locations in Bromsgrove District have been blanked out. You will be required to identify these locations.
- Part 2 - You will be given two locations and you will be asked to describe the shortest convenient route to be taken from the start of the journey to the final destination.
- Part 3 - You will be required to answer a number of questions relating to the law, regulations and conditions relating to Hackney Carriage and Private Hire Vehicles and drivers.

In order to pass the test, you will be expected to achieve at least 80% in Parts 1 and 3 and 100% in Part 2.

If you fail the test or any part of it at the first attempt, then you can take a further test at a later date.

Stage 4

On successful completion of the knowledge test, all new applicants must take a Driving Skills Assessment Test. These tests are carried out by the Road Safety Unit of Worcestershire County Council and a fee is payable for this direct to the Assessment centre.

When the fee is paid, the Road Safety Unit will contact the applicant and arrange a date for the Assessment. They can be contacted on:

Disability Awareness Training

It is a condition on all drivers' licences that they must attend a Disability Awareness Training Course with 12 months of their initial application. Officers

may not grant renewal applications if the driver concerned has not undertaken Disability Awareness Training without reasonable excuse.

Issue of Licence

When you meet the conditions below your licence will be issued within 2 working days.

A licence will normally be granted if:

- you have no “unspent” criminal convictions (see below) and have no pending prosecutions for criminal or motoring offences,

- you have passed the geographical knowledge test (hackney carriage drivers only).

Your Licence can be posted to you or made available for collection at the Customer Service Centre.

Those who do not meet the criteria

Under taxi licensing legislation, the Council has to ensure that anyone holding a licence is a ‘fit and proper person’. Obviously, where all the checks and tests set out above are satisfactory then the applicant is judged to be ‘fit and proper’ and a licence is granted, as set out above.

However, where there is any doubt as to whether the applicant is a ‘fit and proper’ person, for instance because the CRB or DVLA checks have shown the applicant has criminal or motoring convictions, including cautions and any other relevant information disclosed by the Chief Police Officer. The Licensing Section may not have authority to grant or renew an application. However the applicant can request in writing to have their application determined by the Council’s Licensing Committee.

A report will be compiled by the Licensing Officer outlining the application and present it to the Committee.

Applicants are entitled to attend the meeting to explain the circumstances of their conviction (or other reason for referral) and speak in support of their application. They are entitled to be accompanied by a representative (whether they are legally qualified or not).

In respect of criminal convictions that are declared, the Committee will have regard to the guidelines relating to the relevance of convictions which can be found at page 57.

Appealing against a decision of the Council

After considering the applicant’s representations, the Committee will determine the matter. If the applicant is not satisfied with the decision of the

Licensing Committee, there is a right of appeal to the Magistrates Court within 21 days of being notified of the Committee's decision.

APPLICATION TO RENEW A DUAL HACKNEY CARRIAGE AND PRIVATE HIRE DRIVER'S LICENCE

You must apply for renewal of your licence whilst the existing one is still in force. A reminder letter will be sent to you approximately 4-6 weeks before the current licence expires. (IF AN APPLICATION IS MADE ONE DAY LATE, IT MUST BE TREATED AS A NEW APPLICATION), including having to pass the knowledge test and undertake the driving skills assessment, so please ensure adequate time for renewal. Additionally you would not be permitted to continue driving Hackney Carriage or Private Hire vehicles as you would not hold a current licence.

When renewing your licence you must submit the completed renewal application form, to the Customer Service Centre or by post to the address shown at the front of this handbook, together with the following supporting documentation:

- application form for Criminal Records Bureau (where applicable);
- medical report (where applicable);
- DVLA licence showing current address;
- DVLA mandate;
- licence fee;
- a passport sized photograph (if your current one needs updating).

If you have accumulated more than 9 fixed penalty points for motoring offences during the term of the licence, the renewal application will be refused and you will have the option of referring your application to Taxi Sub-Committee for determination.

If the CRB or DVLA checks do not arrive prior to the expiry of the existing licence, you will be permitted to carry on driving hackney carriage and private hire vehicles, providing your application was received prior to the expiry date of your existing licence.

Should the CRB disclosure reveal convictions not disclosed by you, then the licence and badge will not be renewed and you will have the option of referring your application to Licensing Committee for determination.

If you are going on an extended holiday, they may apply for a renewal before they go or give someone else written permission to renew their licence on their behalf.

If you are unsure as to how to complete any part of the application, he/she should seek advice from a Licensing Officer.

Issue of Licence

An application will only be granted and the licence issued once the application procedure has been satisfactory carried out.

A Private Hire Licence is not needed:

- For a vehicle while it is being used in connection with a funeral or for a vehicle used wholly or mainly, by a funeral director, for funerals;
- For a vehicle whilst it is being used wholly or mainly in connection with a wedding.

The Council's advice is that in all other cases of carrying passengers for hire or reward, a licence is needed.

Once a vehicle licence has been granted the vehicle remains a taxi until the licence expires or is revoked and only drivers licensed by Bromsgrove District Council may drive the vehicle.

A vehicle that is already licensed as a Taxi with another authority cannot be licensed by Bromsgrove District Council as the vehicle would be unable to meet the conditions of the vehicle licence.

There is no fixed limit to the number of either Private Hire or Hackney Carriage Vehicle Licences which can be issued by Bromsgrove District Council. Each application for a new licence is considered by an authorised officer who acts under powers delegated by the Council. These powers enable the authorised officer to grant hackney carriage/private hire vehicle licences where the vehicle fulfils the basic qualifications.

Criteria for type of vehicle

All vehicles must pass a vehicle MOT test and inspection before a licence is granted as well as meeting the criteria as outlined below relating to the types of vehicles that are acceptable to the Council:

- (a) Must not be a convertible or similar specification vehicle;
- (b) Be a four door saloon (or a passenger carrying estate car) or be a minibus or multi purpose vehicle and have not less than 4 road wheels;
- (c) Have a capacity for at least 4 adult passengers but must not exceed 8 passengers.
- (d) The vehicle must be right hand drive.
- (e) If the vehicle is licensed for the carriage of at least 5 passengers but no more than 8, then there must be fitted 2 separate uninterrupted access/exit doors without having the need to collapse or climb over the seats in front of them and sufficient space for luggage still leaving gangways clear. There must be no more than 9 seats fitted which includes the driver's seat.
- f) All vehicles being licensed for the first time must have a type approval certificate to M1 standards, European Whole Vehicle Approval or Low Volume Type Approval.
- h) Vehicle licences for wheelchair accessible vehicles will not be renewed once a vehicle is over 12 years of age from the date of first registration.
- i) Vehicle licences for all other types of vehicles will not be renewed once a vehicle is over 9 years of age from the date of first registration. The age limit can be waived if the vehicle is special or prestigious as designated by the Licensing Officer.
- k) Any vehicle to be licensed for the first time, with the exception of special event vehicles, is NOT permitted to have a tint where they conceal the identity of the passenger inside. The Licensing Officer will examine a vehicle prior to test to ensure that passengers can be seen clearly from outside the vehicle.

- a) Seating capacity to be a minimum of 6 and a maximum of 8.
- b) Seat belts to be provided for all passengers.
- c) All vehicles to have full Department of Transport type approval.

- d) Vehicles to be put through a normal M.O.T. test and then to be brought to the Council Depot for checking and testing of items which are in the Council's test, but not in the M.O.T.
- e) These vehicles to be exempt from displaying licence identity plates on the outside, but to display an identity plate inside the driver's compartment and to carry a letter of dispensation.

APPLICATION FOR EITHER A PRIVATE HIRE OR HACKNEY CARRIAGE VEHICLE LICENCE

How to make your first application

You must complete the Council's application form. The application form must be submitted to the Customer Service Centre or by post to the address shown at the front of this handbook, together with the following supporting documentation prior to the vehicle being inspected:

- Full vehicle registration document (V5 Form) or 'new keeper supplement' or 'confirmation of registration details'. In the case of the latter two, a copy of the full vehicle registration document must be forwarded to the Licensing Section as soon as possible. The registration document must be in the name of the applicant and showing the correct address.
- Insurance Certificate. Hackney Carriage vehicles need to be insured for 'Public Hire', whilst Private Hire need to be insured for 'private hire'. Photocopies will not be accepted.
- Licence Fee (Please note no part of the fee is refundable).
- Type approval certificate (where necessary)

MOT and vehicle inspection

All vehicles are inspected before a licence is issued and thereafter on an annual basis when the licence falls due for renewal. Vehicles are inspected at the Council's nominated garage. Before an applicant takes a vehicle for an inspection it is advisable that it is roadworthy and it complies with all of the Council's vehicle conditions which are set out in this handbook.

Having obtained a pass certificate for the vehicle inspection, this should be taken immediately to the Customer Service Centre, where your vehicle Licence, Certificate of Compliance and plates will be issued. The certificate of compliance is the equivalent of an M.O.T. test certificate, and if one has been issued for your vehicle, the vehicle will not need the normal M.O.T. certificate. The Certificate of Compliance remains valid as long as the vehicle is used for Private Hire or Hackney Carriage work. Should the vehicle be disposed of or used for domestic use only, then a normal M.O.T. will need to be obtained.

You are also asked to note that appointments are not interchangeable between vehicles. The only vehicle which will be accepted for testing at the Test Centre is the vehicle for which the appointment is made.

The Council's nominated garage is:
Depot Services, Sherwood Road, Aston Fields, Bromsgrove.

Please contact the Licensing Section on (01527) 881405, to make an appointment. The garage has set time slots that it carries out Taxi MOT's and inspection:

- Monday – Thursday either 10.00 a.m. or 2.00 p.m.
- Friday – 10.00 a.m.

If your vehicle fails the test, then you will be provided with a copy of the failure report. Re-test appointments are booked through the Licensing Section, a fee may be payable.

Retests are carried out Monday – Friday at 11.30 a.m.

Issue of Licence

Completed applications submitted for vehicle licences will be processed within 5 working days of being received by the Licensing Section subject to the vehicle passing its MOT/vehicle inspection. A vehicle may not be used as a hackney carriage or private hire vehicle unless the relevant application has been processed and the licence granted and issued.

Vehicles are licensed to carry up to a specified number of passengers. The licence plate must be fixed internally on the rear back window and each of the 'mini' plates to be fixed on each passenger door window. This specifies the number of passengers that can be carried. It is the responsibility of the driver of any hackney carriage to ensure the safety of children and comply with any relevant legislation with regard to the carriage of children.

Renewal of a Vehicle Licence

Renewal applications and vehicle MOT/inspection bookings for the renewal of the vehicle licences should be made at least 14 working days prior to the expiry of the existing licence to ensure there is no time when the vehicle is not licensed and therefore not able to be used.

Late renewals

If a vehicle licence is allowed to expire, and no application is received to renew the licence within 14 days of this expiry, the vehicle will be treated as if it has not been licensed before and will have to meet the criteria for a vehicle being licensed for the first occasion.

Transfer of Ownership

If you wish to transfer your interest in a vehicle, you will need to notify the Licensing Officer within 14 days from the date of sale. The application to

transfer must be made by the new owner within 14 days from the date of purchase and be accompanied by a valid certificate of insurance, vehicle registration document and the transfer fee, if everything is in order, the transfer can take effect and the licence will be issued for the remaining time of the previous licence. If the vehicle is disposed of then the vehicle licence and plates must be returned to the Council within 7 days. No refund of the licence will be given if the vehicle is disposed of.

Change of vehicle

If a change of vehicle is required before expiry of a licence, an application for a new licence should be made but a lower fee will be charged and the licence will be issued for the remaining time of the previous licence.

Taxi Meters in Vehicles

The Council at this time does not require private hire cars to be fitted with a taxi meter, but if such a meter is fitted, it must be correctly calibrated, tested and sealed. All Hackney Carriage vehicles must be fitted with a taxi meter which must be calibrated in accordance with the Council's approved table of fares. The meter will then be tested as part of the vehicle inspection. The table of fares is to be displayed at all times in a Hackney Carriage vehicle.

The table of fares is reviewed annually and all Hackney Carriage owners are consulted.

An authorised officer or Police constable has power to inspect and test any licensed vehicle at any reasonable time. (Section 68 LGMPA).

Trailers used for carrying luggage are inspected annually.

Accidents

Any accident causing damage to a hackney carriage or private hire vehicle must be reported by the proprietor to the Council within 72 hours. (This is in addition to any requirement to notify the police).

- If a replacement vehicle is to be licensed, the licence plate and window sticker must be removed from the damaged vehicle and returned to the Council.
- The replacement vehicle must meet the vehicle criteria and be presented to the licensing officer (by appointment) with an application form, new MOT test certificate, confirmation of insurance and licence fee. This is usually organised by the rental company, who pay the change of vehicle fee up-front for the damaged vehicle to be re-licensed after repair.

When the repairs to the vehicle have been completed it will need to be re-licensed, by completing an application form, providing a new MOT, up to date insurance and presenting the vehicle for inspection (by appointment) at the Customer Service Centre.

SECTION C – PRIVATE HIRE OPERATOR

APPLICATION FOR A PRIVATE HIRE OPERATOR LICENCE

A person wishing to operate private hire vehicles requires a licence from the Council to do so. To “operate” means in the course of business to make provision for the invitation or acceptance of bookings for a private hire vehicle, whether or not you own the vehicle.

As a licensed private hire operator, you would be able to accept bookings for any number of private hire vehicles. But the same Council as the operator must licence all of the drivers and vehicles.

Bookings can be accepted from hirers both inside and outside the district.

The Council has a right to refuse an application if it consider that applicants are not “fit and proper” persons. If an application is refused, there is a right of appeal in the Magistrate’s Court.

The licence, if granted, is valid for a period not exceeding one year and is issued subject to conditions. The Council may take away a licence where conditions are not met.

Premises used in connection with private hire operations may require planning consent. Enquiries about planning should be made to Development Control, at Bromsgrove District Council.

Criteria for a Private Hire Operator’s Licence

1. Applicants must have conversational English.
2. Applicants must be over 21 years of age.
3. Applicants for new licences should be free from previous convictions and cautions, other than for minor traffic offences. Please refer to guidance on page 6.1.
4. Applicants for renewal of licences should be free from new convictions and cautions, since the date of the last grant of their licence, other than for minor traffic offences. Please refer to guidance on page 6.1.

Those who do not meet the criteria

Officers cannot grant applications for licences to those applicants who do not meet the above criteria. An applicant who does not meet the above criteria may request to have their application determined by the Licensing Sub-Committee. The Licensing Sub-Committee will have regard to the guidelines relating to the relevance of convictions which can be found on page

Making an initial application

To apply for a licence to operate private hire vehicles the completed application form should be submitted with the following documents:

- A completed application form
- A CRB Disclosure application, if applicable (see explanatory note A).
- The application fee (see explanatory note B).

The completed application form together with the above documents and fee must be submitted to the Customer Service Centre, School Drive, Bromsgrove or posted to BDC.

INCOMPLETE APPLICATIONS WILL BE RETURNED.

If an applicant is unsure about how to complete any part of the application, he/she should ask for advice from a Council Licensing Officer.

Applications will if granted, be granted for a period of twelve months and will expire at the end of the month in which the application was made.

Under Section 57 of the Local Government (Miscellaneous Provisions) Act 1967 it is an offence to knowingly or recklessly make a false statement or omit any material particular in giving information.

Applications will be processed within five working days of being received by the Licensing Section (see explanatory note F).

The Council cannot grant a licence unless it is satisfied:-

- (a) that the applicant is a "fit and proper person" (Section 55 LGMPA).
- (b) That there is planning permission for the use of the premises.

RENEWING A PRIVATE HIRE OPERATOR'S LICENCE

Responsibility for renewal of the operator licence rests solely with the licence holder.

The application procedure for renewal is the same as the procedure for an initial application, with the exception of the CRB application which will need to be renewed every 3 years.

EXPLANATORY NOTES

A Criminal Records Bureau (CRB) Vetting Form

If the applicant for an operator licence is already a licensed hackney carriage/private hire driver with the Council, no CRB Disclosure application form needs to be submitted.

If the applicant is not a licensed hackney carriage/private hire driver, a CRB Disclosure application must be completed and countersigned by a duly authorised person employed by the Council and registered with the CRB. This form will then be sent to the CRB. A licence will not be issued until the CRB have provided a certified reply. It is essential that you submit your CRB vetting form in sufficient time as the period for processing of these forms rests with the CRB.

B Fees

The fee to be paid will be determined each year by the Licensing Committee. The change will come into effect on 1 April each year.

CONDITIONS ATTACHED TO THE ISSUE OF A PRIVATE HIRE OPERATOR'S LICENCE

The Council reserves the right to amend the conditions relating to Hackney Carriage and Private Hire licensing in light of changing circumstances or changes in legislation. These conditions are not to be treated as exhaustive.

Failure to comply with the following conditions may result in the licence being suspended or revoked or lead to prosecution. A revoked or suspended licence must be surrendered to the Council on demand.

If you do not understand anything, ask for help. Not understanding is not an acceptable excuse for breaking the rules or the law.

Records

You must keep records of your business either in a book or on a computer – this is required by law (Section 56 of the Local Government (Miscellaneous Provisions) Act 1976.) If you use a book, then you must number the pages consecutively. If you use a computer, then you must make security copies of your records each day, in a way approved by the Council.

You must keep two kinds of records:- (a) for journeys and (b) for vehicles and drivers

Journeys

Before each journey begins, you (or somebody who is working for you) must enter the following details of the journey in the book or on the computer:-

- (a) the date and time at which the booking is made;
- (b) the name and address of the person hiring the vehicle;
- (c) the time and date of the pick-up;
- (d) the place of the pick-up;
- (e) the destination;
- (f) the registration number or call sign of the vehicle which is going to do the pick-up;
- (g) details of any sub-contract.

Vehicles and Drivers

You must also keep records of all the vehicles and drivers who are operated by you. These details must include:-

- (a) the vehicle registration number and any call sign of the driver;
- (b) the name and address of the owner of each vehicle;
- (c) the name and address of each driver;
- (d) details of the Private Hire Vehicle Licence including the expiry date;

- (e) Copy of the current insurance document;
- (f) details of the Private Hire Driver's licence number and date of expiry;
- (g) date the driver started working for that operator;
- (h) date the driver ceased working for that operator;
- (i) details of the drivers DVLA licence.

You must keep all your records for at least 12 months following the date of the last entry and you must make them readily available for inspection by one of the Council's Authorised Officers or by a Police Officer. If you keep your records on computer you must, if required to do so by the Council's Authorised Officer or by a Police Officer, provide a print out of any of the details listed above. If, for any reason, you do not have the records at the time such a request is made, you must tell the Council's Authorised Officer or the Police Officer where they are.

Responsibility for Hirings

Every hiring of a hire car is deemed to have been made with the operator who accepted the booking, whether or not he himself provided the vehicle. Operators are therefore directly responsible for the acts or omissions of drivers or proprietors used by them and must therefore ensure that all vehicles and drivers are licensed and insured.

Standard of Service

The Operator shall provide a prompt, efficient and reliable service to members of the public at all reasonable times, in particular:

- (a) ensure that when a private hire vehicle has been hired to be in attendance at an appointed time and place, the vehicle shall, unless delayed or prevented by sufficient cause, arrive on time at the appointed place.
- (b) Keep clean, safe, adequately heated, ventilated and lit any premises which the operator provides and to which the public have access, whether for the purpose of booking or waiting;
- (c) Ensure that any waiting area provided by the operator has adequate seating facilities;
- (d) Ensure that any telephone facilities and radio equipment provided are maintained in a sound condition and that any defects are repaired promptly;
- (e) Ensure that any radio equipment complies with all current codes of practice and legal requirements as to its usage;
- (f) Be in charge of the daily operation of the business;
- (g) The operator shall instruct their drivers not to sound the horn to announce their arrival to the hirer.
- (h) The operator must advise the Council of any changes of drivers within seven days.

Convictions

The operator shall within seven days disclose to the Council in writing details of any conviction imposed on him (or in the event of a partnership, on any of the partners) during the period of the licence.

Change of address or sale of business

The Operator shall inform the Licensing Section in writing within seven days of any change of the Operator's address or the sale of the business.

Avoidance of Nuisance

The Operator shall operate the business in a manner which does not cause any nuisance to the public at large or to person in occupation of the premises adjoining or adjacent to the premises at which he keeps the vehicles when not in use. Any necessary consents (including planning permission) shall be held by the Operator.

Renewal of Licence

The Operator shall at least 21 days prior to the date of when the licence is due to expiry, make application to the Licensing Section for a renewal. If an application for renewal is not received by the renewal date, the licence will lapse.

Where operations continue after a failure to renew, prosecutions are likely to be authorised without notice.

THE LAW RELATING TO HACKNEY CARRIAGES, PRIVATE HIRE VEHICLES AND DRIVER'S

The licensing of hackney carriage and private hire vehicles, drivers and operators is mainly governed by Town Police Clauses Act 1847 and the Local Government (Miscellaneous Provisions) Act 1976. These pieces of legislation create a number of criminal offences which if committed, could lead to prosecution in the Magistrates' Court.

There are also Byelaws adopted by the Council in respect of Hackney Carriages. Offenders against these Byelaws are liable on summary conviction to a maximum penalty of a £500 fine.

Persons convicted of offences under either Act may have their licences suspended, revoked or not renewed.

The Council may also suspend, revoke or refuse to renew a vehicle licence on the following grounds:-

- (a) the vehicle is unfit
- (b) the commission of an offence under the LGMPA or the TPCA;
- (c) any other reasonable cause (Section 68 LGMPA).

A licence may be suspended by an authorised officer or Police Constable if he considers the vehicle unfit (Section 68 LGMPA).

The Council may suspend or revoke or refuse to renew an Operator's licence on the following grounds:-

- (a) the commission of an offence under the LGMPA
- (b) unfitting conduct of the operator
- (c) any material change in the operator's circumstances
- (d) any other reasonable cause (Section 62 LGMPA).

Additionally under Section 50 of the Town Police Clauses Act 1847, the Council can suspend or revoke a driver's or proprietor's licence upon the conviction of a second offence under this act.

Below is a table detailing some of the criminal offences created by the Town Police Clauses Act 1847 and the Local Government (Miscellaneous Provisions) Act 1976.

In this table the following abbreviations are used:-

TPCA – Town Police Clauses Act 1847
