

## Major application determination times

From 1 January 2014 to 31 December 2015

The two year period (until the end of Dec 2015) for the processing of major applications shows that performance is well improved. The current figure is that over 60% of major applications are determined in a timely manner. The government requirement is for over 50% and Bromsgrove Council was below 40% at the time of designation. The council has written to CLG to ask for designation to be lifted.

All major applications in the Planning Service have an allocated case officer, i.e. there are no unallocated major cases.

Number of applications	Number in time	Quarter
