

FORWARD PLAN OF KEY DECISIONS

30 JULY 2008 TO 30 NOVEMBER 2008

This Forward Plan lists the **Key Decisions** which it is proposed to take during the period 30 July 2008 to 30 November 2008. **Key Decisions** are executive decisions which must be taken or delegated by the Council's Cabinet and relate to matters which fall within the Council's agreed Budget and Policy Framework.

Key Decisions are those executive decisions which are likely to:

- (i) result in the Council incurring expenditure, foregoing income or the making of savings in excess of £50,000 or which are otherwise significant having regard to the Council's budget for the service or function to which the decision relates; or
- (ii) be significant in terms of its effect on communities living or working in an area comprising two or more wards in the district;

Key Decisions will include:

1. A decision which would result in any expenditure or saving by way of a reduction in expenditure of £50,000 provided the expenditure or saving is specifically approved in the Medium Term Financial Plan.
2. A virement of any amount exceeding £50,000 provided it is within any virement limits approved by the Council;
3. Any proposal to dispose of any Council asset with a value of £50,000 or more or which is otherwise considered significant by the Corporate Property Officer;
4. Any proposal to cease to provide a Council service (other than a temporary cessation of service of not more than 6 months).
5. Any proposal which would discriminate for or against any minority group.

Further details of each Key Decision are appended to the Forward Plan. To assist with internal forward planning, this Plan also lists other non-key decisions which the Cabinet is expected to make during the specified four month period. The Forward Plan is updated and published on the Council's website on a monthly basis.

The report will also address limited changes to terms and conditions of employment and will outline the response of the trade unions to the proposals, whilst also detailing the extent to which they have been involved in the development of the proposals.</p> <p>The report will only be put forward for Cabinet’s consideration in June if the majority response of the staff ballot is in favour of the proposals.</p>	<p>REASONS FOR BEING ON THE FORWARD PLAN</p> <p>Will result in expenditure in excess of £50,000.</p>

<p>Stakeholders</p> <ol style="list-style-type: none"> 1. Corporate Management Team 2. Cabinet and Lead Portfolio Holder 3. Employees – all those employed on NJC Conditions of Service (excludes the Corporate Management Team) 4. Trade Unions – Unison, UCATT and GMB. 	<p>The 3 recognised trade unions have been consulted as key members of the Single Status Steering Group since the inception of the project in 2006. The consultation and negotiations with them have taken the form of regular meetings of the joint steering group, in which they have been recognised as key partners. In accordance with the principle of openness and transparency, the trade unions have been heavily involved in the development of the pay model in order to understand the extent of the council's financial limitations and to ensure their buy-in. As the project has developed, the consultation meetings have increased in frequency. The relationship between the Council and the unions during the consultation process has however been positive throughout, with a shared principle of wishing to implement these proposals through a Collective Agreement.</p> <p>The Corporate Management Team has been consulted collectively through Corporate Management Team meetings, and individually as Heads of Service in order to consider the overall effect upon the workforce; specifically in relation to degrees of acceptance in relation to the proposals and how they may impact upon organisation performance, and the Council's reputation as an Employer.</p> <p>The staff affected are to be consulted on the proposals through a ballot – whether they are members of a trade union or not. The results of the ballot will determine whether Officers feel able to recommend the proposals to Cabinet as ready for implementation via a Collective Agreement signed by the Unions and the Council's Officers. The ballot is to be timed so that the Cabinet can make a decision when the results of the ballot are known. If the ballot generates more than 50% in a yes vote it will be considered strong enough to recommend implementation through a Collective Agreement.</p>	<p>Steering Group (including trade unions) July 2006 – May 2008.</p> <p>Staff – through the Ballot – proposed timescales May – June 2008.</p>

However, it is necessary for the Council to produce an Area Action Plan (AAP) that will provide a vision for the town centre, a context for its development and describe the various areas to be developed and what is being proposed within the town centre. The process of preparing an AAP requires thorough and on going consultation with the community and stakeholders. The first stage of an AAP is evidence gathering and the second stage is the preparation and delivery of a consultation process that puts forward a number of options for the redevelopment of the town centre. Consultees are asked for which of the options they prefer and based on the responses a preferred option is devised. The consultation process provides an evidence trail for seeking approval for the AAP.</p>	<p>REASONS FOR BEING ON THE FORWARD PLAN</p> <p>Significant in terms of its effects on communities living or working in an area comprising two or more wards in the district</p>

<p>DOCUMENTS TO BE CONSIDERED BY THE DECISION TAKER</p> <p>Report of the Team Leader (Pollution & General)</p> <p>REPORT AUTHOR</p> <p>Robin Goundry Team Leader (Pollution & General) 01527 881435</p>	<p>SUMMARY</p> <p>The Local Authorities of Worcestershire and Herefordshire Council, whilst fulfilling their statutory responsibilities and obligations to identify air quality hot spots, have recognised a need to develop a more holistic and unified approach to managing local air quality across the two Counties. Herefordshire and Worcestershire County Pollution Group in 2007 initiated the preparation of a cross-County Herefordshire and Worcestershire Air Quality Strategy (AQS). The improvement of air quality requires input from a wide range of planning and other professions. Therefore this AQS identifies broad actions, particularly for communication and co-operation within and between local authorities and wider bodies and the community.</p> <p>The key advantages of developing and implementing an AQS at County-wide level can be summarised as follows:</p>	<p>REASONS FOR BEING ON THE FORWARD PLAN</p> <p>This has affects and implications District wide by its nature.</p>

- It provides greater consistency across a range of policy areas for the achievement of improved local air quality, including local planning, transport planning, health, industry, housing and environmental protection, and ensures air quality is addressed in a multi-disciplinary way within the different departments of a local authority and across Herefordshire and Worcestershire;
- It provides the framework for a consistent approach to addressing local air quality considerations in development control processes;
- It is a vehicle for developing a coherent air quality policy across Herefordshire and Worcestershire for local planning processes;
- It provides a link to wider initiatives across both the one and two-tier authorities (for example Local Transport Plans, Climate Change programmes, Community Plans and energy efficiency programmes), and
- It provides the platform for local air quality considerations in future rounds of Local Transport Plans.

The cost of the project has been co - funded by the authorities. It will be launched in autumn 2008.
