| YES | |
| NO | |

If you do not currently own a hackney carriage that is capable of carrying a passenger who remains seated in their wheelchair, which of the following statements is applicable to your own personal circumstances (tick as many as apply to you)

| | |
|---|--|
| I do not have a wheelchair accessible vehicle (WAV) because: | |
| They cost too much to buy | |
| They cost too much to run | |
| There is not enough demand for WAVs in Bromsgrove | |
| I don't want to have the hassle of transporting people in their wheelchairs | |
| I don't feel I would be capable of loading a wheelchair into such a vehicle | |
| They have a poor resale value | |
| They are not accessible to all passengers (such as the elderly or visually impaired) | |
| They are not attractive vehicles to look at | |
| Are there any other reasons why you do not operate a wheelchair accessible hackney carriage? If so write them here: | |

Which of the following measures would encourage you to purchase a wheelchair accessible vehicle to use as a hackney carriage in Bromsgrove (please tick as many as apply to you)

| | |
|--|--|
| If grants were available to help subsidise the purchase costs | |
| If the Council charged a lower licence fee for WAVs | |
| If the Council allowed a WAV to be used for longer | |
| If my business got good publicity as a result | |
| If there was preferential treatment for WAVs on the taxi ranks | |
| None of the above would encourage me to purchase a WAV | |
