Category	Comments
1. Signed by Ward Councillor and supporting comments.	Yes – Cllr Peter Whittaker
2. Evidence of how the impact of growth on the community will be met by the project.	With the new homes that have been built in the Bromsgrove District and rise in population that the new homes bring, there are more families and individuals that need our support.
3. Evidence that the Project is sustainable (if applicable)?	The Hospice would fund the running costs of the vehicle.
4. Evidence that the Project has other funding streams in place (if applicable)?	If only part of the grant was available then a second hand van with low mileage would be purchased instead of a new van.
5. Which Council Strategic Purpose does it meet?	Yes – it is our belief that every life matters right up until the moment a person dies and that no one should die in pain when it can be avoided, or alone, if they do not want to, regardless of whether their suffering is physical, emotional or spiritual.
