NOTICE OF MOTION – Waste Collection

The following Notice of Motion has been submitted in accordance with Procedure Rule 10 by Councillor S. Colella:

“That this Council calls on its Leader to instigate an urgent investigation into the recent failings of the waste collection service and that the findings are then made public.

This investigation should include the exact reasons for the loss in service and detail assurances that the measures that have been put in place to restore service delivery have been properly implemented and what exactly has been done to ensure that this doesn't happen again

It would appear that the management dashboard system has failed to give us early warning signs in respect of the scheduled volume of bins to be collected, crew availability, sickness, holidays and rising complaints as a result of missed bins and as elected representatives we need to understand how and why this has happened.

Further consideration should be given to the numerous requests for a refund of council tax based on the period of disruption as many Council tax payers are calling for and we need immediate assurances from the Leader and Portfolio Holder”
