The contents of this report relate only to the matters which have come to our attention, which we believe need to be reported to you as part of our audit planning process. It is not a comprehensive record of all the relevant matters, which may be subject to change, and in particular we cannot be held responsible to you for reporting all of the risks which may affect the Authority or all weaknesses in your internal controls. This report has been prepared solely for your benefit and should not be quoted in whole or in part without our prior written consent. We do not accept any responsibility for any loss occasioned to any third party acting, or refraining from acting on the basis of the content of this report, as this report was not prepared for, nor intended for, any other purpose.

Grant Thornton UK LLP is a limited liability partnership registered in England and Wales: No.OC307742. Registered office: 30 Finsbury Square, London, EC2A 1AG. A list of members is available from our registered office. Grant Thornton UK LLP is authorised and regulated by the Financial Conduct Authority. Grant Thornton UK LLP is a member firm of Grant Thornton International Ltd (GTIL). GTIL and the member firms are not a worldwide partnership. Services are delivered by the member firms. GTIL and its member firms are not agents of, and do not obligate, one another and are not liable for one another's acts or omissions.

Introduction & headlines

Purpose

This document provides an overview of the planned scope and timing of the statutory audit of Bromsgrove District Council ('the Authority') for those charged with governance.

Respective responsibilities

The National Audit Office ('the NAO') has issued a document entitled Code of Audit Practice ('the Code'). This summarises where the responsibilities of auditors begin and end and what is expected from the audited body. Our respective responsibilities are also set out in the Terms of Appointment and Statement of Responsibilities issued by Public Sector Audit Appointments (PSAA), the body responsible for appointing us as auditor of Bromsgrove District Council. We draw your attention to both of these documents on the [PSAA website](#).

Scope of our audit

The scope of our audit is set in accordance with the Code and International Standards

on Auditing (ISAs) (UK). We are responsible for forming and expressing an opinion on the:

- Authority and group's financial statements that have been prepared by management with the oversight of those charged with governance (the Audit, Standards and Governance Committee); and
- Value for Money arrangements in place at the Authority for securing economy, efficiency and effectiveness in your use of resources.

The audit of the financial statements does not relieve management or the Audit, Standards and Governance Committee of your responsibilities. It is the responsibility of the Authority to ensure that proper arrangements are in place for the conduct of its business, and that public money is safeguarded and properly accounted for. We have considered how the Authority is fulfilling these responsibilities.

Our audit approach is based on a thorough understanding of the Authority's business and is risk based.

Group Accounts	The Authority is required to prepare group financial statements that consolidate the financial information of Bromsgrove Arts Development Trust .
Significant risks	<p>Those risks requiring special audit consideration and procedures to address the likelihood of a material financial statement error have been identified as:</p> <ul style="list-style-type: none">• Under ISA (UK&I) 240 it is presumed that the risk of management over-ride of controls is present in all entities.• The Council's pension fund asset and liability as reflected in its balance sheet represent significant estimates in the financial statements.• The valuation of the Council's property, plant and equipment. <p>We will communicate significant findings on these areas as well as any other significant matters arising from the audit to you in our Audit Findings (ISA 260) Report.</p>
Materiality	We have determined planning materiality to be £0.85m (PY £0.84m), which equates to 2% of your prior year gross expenditure. We have set a separate lower materiality level for the disclosure note on senior manager's remuneration of £100k. We will report uncorrected omissions or misstatements other than those which are 'clearly trivial', i.e. less than £42k (PY £42k).
Value for Money arrangements	<p>Our risk assessment regarding your arrangements to secure value for money has identified the following VFM significant risk:</p> <ul style="list-style-type: none">• Financial sustainability.
Audit logistics	Our interim visit will take place in January to March and our final visit will take place in June and July. Our key deliverables are this Audit Plan and our Audit Findings Report. Our fee for the audit will be £37,484 (PY: £53,180) for the Authority, subject to the Authority meeting our requirements set out on page 14.
Independence	We have complied with the Financial Reporting Council's Ethical Standard and we as a firm, and each covered person, confirm that we are independent and are able to express an objective opinion on the financial statements.

Key matters impacting our audit

External Factors

The wider economy and political uncertainty

Local Government funding continues to be stretched with increasing cost pressures and demand from residents.

Officers are currently updating the Medium Term Financial Plan (MTFP). Initial indications are that there will be a shortfall of £400,000 in 2019/20 which will need to be bridged through income generation or fees and charges.

Looking further ahead, Officers anticipate 2020/21 being even more challenging.

Changes to the CIPFA 2018/19 Accounting Code

The most significant changes relate to the adoption of:

- IFRS 9 Financial Instruments which impacts on the classification and measurement of financial assets and introduces a new impairment model.
- IFRS 15 Revenue from Contracts with Customers which introduces a five step approach to revenue recognition.

We do not expect these to have a significant impact on the Authority, but will ask officers for their own assessment which we will then review.

Internal Factors

New audit methodology

We will be using our new audit methodology and tool, LEAP, for the 2018/19 audit. It will enable us to be more responsive to changes that may occur in your organisation and more easily incorporate our knowledge of the Authority into our risk assessment and testing approach.

Corporate Peer Challenge

In October Cabinet received a report setting out an Action Plan addressing the “Key” and “Further” recommendations. Most actions are due within the next few months (by early 2019). Progress is being monitored by the Management Team, with six monthly reports to Cabinet.

The Management Restructure still needs to happen, but the main barriers to this now appear to have been removed.

Our response

- We will consider your arrangements for managing and reporting your financial resources as part of our work in reaching our Value for Money Conclusion.

- We will keep you informed of changes to the financial reporting requirements for 2018/19 through on-going discussions and invitations to our technical update workshops.
- As part of our opinion on your financial statements, we will consider whether your financial statements reflect the financial reporting changes in the 2018/19 CIPFA Code.

- You will see changes in the terminology we use in our reports that will align more closely with the ISAs
- We will ensure that our resources and testing are best directed to address your risks in an effective way.

- We will monitor progress against the Corporate Peer Challenge and Management Restructure through our regular meetings with Officers and VFM Conclusion work.

Audit approach

Use of audit, data interrogation and analytics software

LEAP

Audit software

- A globally developed ISA-aligned methodology and software tool that aims to re-engineer our audit approach to fundamentally improve quality and efficiency
- LEAP empowers our engagement teams to deliver even higher quality audits, enables our teams to perform cost effective audits which are scalable to any client, enhances the work experience for our people and develops further insights into our clients' businesses
- A cloud-based industry-leading audit tool developed in partnership with Microsoft

IDEA

- We use one of the world's leading data interrogation software tools, called 'IDEA' which integrates the latest data analytics techniques into our audit approach
- We have used IDEA since its inception in the 1980's and we were part of the original development team. We still have heavy involvement in both its development and delivery which is further enforced through our chairmanship of the UK IDEA User Group
- In addition to IDEA, we also other tools like ACL and Microsoft SQL server
- Analysing large volumes of data very quickly and easily enables us to identify exceptions which potentially highlight business controls that are not operating effectively

Appian

Business process management

- Clear timeline for account review:
 - disclosure dealing
 - analytical review
- Simple version control
- Allow content team to identify potential risk areas for auditors to focus on

Inflo

Cloud based software which uses data analytics to identify trends and high risk transactions, generating insights to focus audit work and share with clients.

REQUEST & SHARE

- Communicate & transfer documents securely
- Extract data directly from client systems
- Work flow assignment & progress monitoring

ASSESS & SCOPE

- Compare balances & visualise trends
- Understand trends and perform more granular risk assessment

VERIFY & REVIEW

- Automate sampling requests
- Download automated work papers

INTERROGATE & EVALUATE

- Analyse 100% of transactions quickly & easily
- Identify high risk transactions for investigation & testing
- Provide client reports & relevant benchmarking KPIs

FOCUS & ASSURE

- Visualise relationships impacting core business cycles
- Analyse 100% of transactions to focus audit on unusual items
- Combine business process analytics with related testing to provide greater audit and process assurance

INSIGHTS

- Detailed visualisations to add value to meetings and reports
- Demonstrates own performance and benchmark comparisons

Group audit scope and risk assessment

In accordance with ISA (UK) 600, as group auditor we are required to obtain sufficient appropriate audit evidence regarding the financial information of the components and the consolidation process to express an opinion on whether the group financial statements are prepared, in all material respects, in accordance with the applicable financial reporting framework.

Component	Individually Significant?	Audit Scope	Risks identified	Planned audit approach
Bromsgrove Arts Development Trust (Artrix)	No	Analytical procedures at group level	Valuation of Artrix building	Reliance on an expert in relation to the Artrix valuation. Confirmation from Bromsgrove Arts Development Trustees in relation to income and expenditure transactions.

Audit scope

- Audit of the financial information of the component using component materiality
- Audit of one more classes of transactions, account balances or disclosures relating to significant risks of material misstatement of the group financial statements
- Review of component's financial information
- Specified audit procedures relating to significant risks of material misstatement of the group financial statements
- Analytical procedures at group level

Significant risks identified

Significant risks are defined by ISAs (UK) as risks that, in the judgement of the auditor, require special audit consideration. In identifying risks, audit teams consider the nature of the risk, the potential magnitude of misstatement, and its likelihood. Significant risks are those risks that have a higher risk of material misstatement.

Risk	Risk relates to	Reason for risk identification	Key aspects of our proposed response to the risk
The revenue cycle includes fraudulent transactions (rebutted)	Group and Authority	<p>Under ISA (UK) 240 there is a rebuttable presumed risk that revenue may be misstated due to the improper recognition of revenue.</p> <p>This presumption can be rebutted if the auditor concludes that there is no risk of material misstatement due to fraud relating to revenue recognition.</p>	<p>Having considered the risk factors set out in ISA240 and the nature of the revenue streams at the Authority, we have determined that the risk of fraud arising from revenue recognition can be rebutted, because:</p> <ul style="list-style-type: none"> • there is little incentive to manipulate revenue recognition • opportunities to manipulate revenue recognition are very limited • the culture and ethical frameworks of local authorities, including Bromsgrove District Council, mean that all forms of fraud are seen as unacceptable. <p>Therefore we do not consider this to be a significant risk Bromsgrove District Council.</p>
Management over-ride of controls	Group and Authority	<p>Under ISA (UK) 240 there is a non-rebuttable presumed risk that the risk of management over-ride of controls is present in all entities.</p> <p>We therefore identified management override of control, in particular journals, management estimates and transactions outside the course of business as a significant risk, which was one of the most significant assessed risks of material misstatement.</p>	<p>We will:</p> <ul style="list-style-type: none"> • evaluate the design effectiveness of management controls over journals • analyse the journals listing and determine the criteria for selecting high risk unusual journals • test unusual journals recorded during the year and after the draft accounts stage for appropriateness and corroboration • gain an understanding of the accounting estimates and critical judgements applied made by management and consider their reasonableness with regard to corroborative evidence • evaluate the rationale for any changes in accounting policies, estimates or significant unusual transactions.

Significant risks identified

Risk	Risk relates to	Reason for risk identification	Key aspects of our proposed response to the risk
Valuation of land and buildings	Group and Authority	<p>The Authority revalues its land and buildings on a rolling five-yearly basis. This valuation represents a significant estimate by management in the financial statements due to the size of the numbers involved and the sensitivity of this estimate to changes in key assumptions. Additionally, management will need to ensure the carrying value in the Authority and group financial statements is not materially different from the current value or the fair value (for surplus assets) at the financial statements date, where a rolling programme is used</p> <p>We therefore identified valuation of land and buildings, particularly revaluations and impairments, as a significant risk, which was one of the most significant assessed risks of material misstatement.</p>	<p>We will:</p> <ul style="list-style-type: none"> • evaluate management's processes and assumptions for the calculation of the estimate, the instructions issued to valuation experts and the scope of their work • evaluate the competence, capabilities and objectivity of the valuation expert • write to the valuer to confirm the basis on which the valuation was carried out • challenge the information and assumptions used by the valuer to assess completeness and consistency with our understanding • test revaluations made during the year to see if they have been input correctly into the Authority's asset register • evaluate the assumptions made by management for those assets not revalued during the year and how management has satisfied themselves that these are not materially different to current value at year end.

Significant risks identified

Risk	Risk relates to	Reason for risk identification	Key aspects of our proposed response to the risk
Valuation of the pension fund net liability	Authority	<p>The Authority's pension fund net liability, as reflected in its balance sheet as the net defined benefit liability, represents a significant estimate in the financial statements.</p> <p>The pension fund net liability is considered a significant estimate due to the size of the numbers involved and the sensitivity of the estimate to changes in key assumptions.</p> <p>We therefore identified valuation of the Authority's pension fund net liability as a significant risk, which was one of the most significant assessed risks of material misstatement.</p>	<p>We will:</p> <ul style="list-style-type: none"> • update our understanding of the processes and controls put in place by management to ensure that the Authority's pension fund net liability is not materially misstated and evaluate the design of the associated controls • evaluate the instructions issued by management to their management expert (an actuary) for this estimate and the scope of the actuary's work • assess the competence, capabilities and objectivity of the actuary who carried out the Authority's pension fund valuation • assess the accuracy and completeness of the information provided by the Authority to the actuary to estimate the liability • test the consistency of the pension fund asset and liability and disclosures in the notes to the core financial statements with the actuarial report from the actuary • undertake procedures to confirm the reasonableness of the actuarial assumptions made by reviewing the report of the consulting actuary (as auditor's expert) and performing any additional procedures suggested within the report • obtain assurances from the auditor of Worcestershire Pension Fund as to the controls surrounding the validity and accuracy of membership data; contributions data and benefits data sent to the actuary by the pension fund and the fund assets valuation in the pension fund financial statements.

We will communicate significant findings on these areas as well as any other significant matters arising from the audit to you in our Audit Findings Report in July 2019.

Other matters

Other work

In addition to our responsibilities under the Code of Practice, we have a number of other audit responsibilities, as follows:

- We read your Narrative Report and Annual Governance Statement to check that they are consistent with the financial statements on which we give an opinion and consistent with our knowledge of the Authority.
- We carry out work to satisfy ourselves that disclosures made in your Annual Governance Statement are in line with the guidance issued by CIPFA.
- We carry out work on your consolidation schedules for the Whole of Government Accounts process in accordance with NAO group audit instructions.
- We consider our other duties under legislation and the Code, as and when required, including:
 - Giving electors the opportunity to raise questions about your 2018/19 financial statements, consider and decide upon any objections received in relation to the 2018/19 financial statements;
 - issue of a report in the public interest or written recommendations to the Authority under section 24 of the Act, copied to the Secretary of State;
 - Application to the court for a declaration that an item of account is contrary to law under Section 28 or for a judicial review under Section 31 of the Act; or
 - Issuing an advisory notice under Section 29 of the Act.
- We certify completion of our audit.

Other material balances and transactions

Under International Standards on Auditing, "irrespective of the assessed risks of material misstatement, the auditor shall design and perform substantive procedures for each material class of transactions, account balance and disclosure". All other material balances and transaction streams will therefore be audited. However, the procedures will not be as extensive as the procedures adopted for the risks identified in this report.

Going concern

As auditors, we are required to "obtain sufficient appropriate audit evidence about the appropriateness of management's use of the going concern assumption in the preparation and presentation of the financial statements and to conclude whether there is a material uncertainty about the Authority's ability to continue as a going concern" (ISA (UK) 570). We will review management's assessment of the going concern assumption and evaluate the disclosures in the financial statements.

Materiality

The concept of materiality

The concept of materiality is fundamental to the preparation of the financial statements and the audit process and applies not only to the monetary misstatements but also to disclosure requirements and adherence to acceptable accounting practice and applicable law. Misstatements, including omissions, are considered to be material if they, individually or in the aggregate, could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

Materiality for planning purposes

We have determined financial statement materiality based on a proportion of the gross expenditure of the group and Authority for the financial year. In the prior year we used the same benchmark. Materiality at the planning stage of our audit is £0.85m (PY £0.84m) for the group and £0.86m (PY £0.84m) for the Authority, which equates to 2% of your prior year gross expenditure. We therefore propose to apply group materiality as it is the lower of the two. We design our procedures to detect errors in specific accounts at a lower level of precision. We have determined this to be £100k for the disclosure note on senior manager’s remuneration, in view of the sensitivity of this note to the reader of the accounts.

We reconsider planning materiality if, during the course of our audit engagement, we become aware of facts and circumstances that would have caused us to make a different determination of planning materiality.

Matters we will report to the Audit, Standards & Governance Committee

Whilst our audit procedures are designed to identify misstatements which are material to our opinion on the financial statements as a whole, we nevertheless report to the Audit Committee any unadjusted misstatements of lesser amounts to the extent that these are identified by our audit work. Under ISA 260 (UK) ‘Communication with those charged with governance’, we are obliged to report uncorrected omissions or misstatements other than those which are ‘clearly trivial’ to those charged with governance. ISA 260 (UK) defines ‘clearly trivial’ as matters that are clearly inconsequential, whether taken individually or in aggregate and whether judged by any quantitative or qualitative criteria. In the context of the group and Authority, we propose that an individual difference could normally be considered to be clearly trivial if it is less than £42k (PY £42k).

If management have corrected material misstatements identified during the course of the audit, we will consider whether those corrections should be communicated to the Audit, Standards & Governance Committee to assist it in fulfilling its governance responsibilities.

Value for Money arrangements

Background to our VFM approach

The NAO issued its guidance for auditors on Value for Money work in November 2017. The guidance states that for Local Government bodies, auditors are required to give a conclusion on whether the Authority has proper arrangements in place to secure value for money.

The guidance identifies one single criterion for auditors to evaluate:

“In all significant respects, the audited body takes properly informed decisions and deploys resources to achieve planned and sustainable outcomes for taxpayers and local people.”

This is supported by three sub-criteria, as set out below:

Significant VFM risks

Those risks requiring audit consideration and procedures to address the likelihood that proper arrangements are not in place at the Authority to deliver value for money.

Financial sustainability

How robust is the MTFP and how well developed are savings plans?

We have previously identified that improvement is needed to planning finances effectively to support the sustainable delivery of strategic purposes and maintain statutory functions.

We will review the February 2019 MTFP and select a number of new savings or income generation schemes to test.

We will assess the progress being made to put the Council on a long term financially viable footing.

We will monitor progress on the management restructure.

Audit logistics, team & fees

Richard Percival, Engagement Lead

Richard's role will be to lead our relationship with you and take overall responsibility for the delivery of a high quality audit, meeting the highest professional standards and adding value to the Council.

Neil Preece, Audit Manager

Neil's role will be to manage the delivery of a high quality audit, meeting the highest professional standards and adding value to the Council.

Denise Mills, Audit Incharge

Denise's role will be to have day to day responsibility for the running of the audit and first point of contact.

Audit fees

The planned audit fees are £37,484 (PY: £53,180) for the financial statements audit completed under the Code, which are inline with the scale fee published by PSAA. £12,500 of fees are planned for the Housing Benefit Claim certification which constitutes non Code work by PSAA. In setting your fee, we have assumed that the scope of the audit, and the Authority and its activities, do not significantly change.

Our requirements

To ensure the audit is delivered on time and to avoid any additional fees, we have detailed our expectations and requirements in the following section 'Early Close'. If the requirements detailed overleaf are not met, we reserve the right to postpone our audit visit and charge fees to reimburse us for any additional costs incurred.

Any proposed fee variations will need to be approved by PSAA.

Early close

Meeting the 31 July audit timeframe

In 2018, the statutory date for publication of audited local government accounts was brought forward to 31 July, across the whole sector. This was a significant challenge for local authorities and auditors alike. For authorities, the time available to prepare the accounts was curtailed, while, as auditors we had a shorter period to complete our work and faced an even more significant peak in our workload than previously.

In 2017/18 Officers produced the financial statements in advance of the deadline and we were able to conclude the audit by the end of July as planned. That represented a significant improvement on the timescale achieved in the previous year. However, our audit identified a higher number of amendments than we would expect. A number of the working papers initially supplied did not provide the requisite assurance, or could not be agreed to the financial statements. While officers responded very positively to our questions the Council needs to ensure that next year sufficient time is allowed for a robust and thorough quality review of the accounts and working papers before they are presented for audit

We have carefully planned how we can make the best use of the resources available to us during the final accounts period. As well as increasing the overall level of resources available to deliver audits, we have focused on:

- bringing forward as much work as possible to interim audits
- starting work on final accounts audits as early as possible, by agreeing which authorities will have accounts prepared significantly before the end of May
- seeking further efficiencies in the way we carry out our audits
- working with you to agree detailed plans to make the audits run smoothly, including early agreement of audit dates, working paper and data requirements and early discussions on potentially contentious items.

We are satisfied that, if all these plans are implemented, we will be able to complete your audit and those of our other local government clients in sufficient time to meet the earlier deadline again.

Client responsibilities

Where individual clients do not deliver to the timetable agreed, we need to ensure that this does not impact on audit quality or absorb a disproportionate amount of time, thereby disadvantaging other clients. We will therefore conduct audits in line with the timetable set out in audit plans (as detailed on page 13). Where the elapsed time to complete an audit exceeds that agreed due to a client not meeting its obligations we will not be able to maintain a team on site. Similarly, where additional resources are needed to complete the audit due to a client not meeting their obligations we are not able to guarantee the delivery of the audit by the statutory deadline. Such audits are unlikely to be re-started until very close to, or after the statutory deadline. In addition, it is highly likely that these audits will incur additional audit fees.

Our requirements

To minimise the risk of a delayed audit or additional audit fees being incurred, you need to ensure that you:

- produce draft financial statements of good quality by the deadline you have agreed with us, including all notes, the narrative report and the Annual Governance Statement
- ensure that good quality working papers are available at the start of the audit, in accordance with the working paper requirements schedule that we have shared with you
- ensure that the agreed data reports are available to us at the start of the audit and are reconciled to the values in the accounts, in order to facilitate our selection of samples
- ensure that all appropriate staff are available on site throughout (or as otherwise agreed) the planned period of the audit
- respond promptly and adequately to audit queries.

In return, we will ensure that:

- the audit runs smoothly with the minimum disruption to your staff
- you are kept informed of progress through the use of an issues tracker and weekly meetings during the audit
- we are available to discuss issues with you prior to and during your preparation of the financial statements.

Independence & non-audit services

Auditor independence

Ethical Standards and ISA (UK) 260 require us to give you timely disclosure of all significant facts and matters that may bear upon the integrity, objectivity and independence of the firm or covered persons relating to our independence. We encourage you to contact us to discuss these or any other independence issues with us. We will also discuss with you if we make additional significant judgements surrounding independence matters.

We confirm that there are no significant facts or matters that impact on our independence as auditors that we are required or wish to draw to your attention. We have complied with the Financial Reporting Council's Ethical Standard and we as a firm, and each covered person, confirm that we are independent and are able to express an objective opinion on the financial statements.

We confirm that we have implemented policies and procedures to meet the requirements of the Financial Reporting Council's Ethical Standard and we as a firm, and each covered person, confirm that we are independent and are able to express an objective opinion on the financial statements. Further, we have complied with the requirements of the National Audit Office's Auditor Guidance Note 01 issued in December 2017 and PSAA's Terms of Appointment which set out supplementary guidance on ethical requirements for auditors of local public bodies.

Other services provided by Grant Thornton

For the purposes of our audit we have made enquiries of all Grant Thornton UK LLP teams providing services to the Authority. The following other services were identified:

Service	£	Threats	Safeguards
Audit related			
Certification of 2018/19 Housing Benefit subsidy claim	12,500	Self-Interest (because this is a recurring fee)	The level of this recurring fee taken on its own is not considered a significant threat to independence as the fee for this work is £12,500 in comparison to the total fee for the audit of £37,484 and in particular relative to Grant Thornton UK LLP's turnover overall. Further, it is a fixed fee and there is no contingent element to it. These factors all mitigate the perceived self-interest threat to an acceptable level. This work will be completed after we issue our opinion on the financial statements.
Non-audit related			
None			

The amounts detailed are fees agreed to-date for audit related and non-audit services to be undertaken by Grant Thornton UK LLP in the current financial year. Any changes and full details of all fees charged for audit related and non-audit related services by Grant Thornton UK LLP and by Grant Thornton International Limited network member Firms will be included in our Audit Findings report at the conclusion of the audit.

None of the services provided are subject to contingent fees.

© 2018 Grant Thornton UK LLP. All rights reserved.

'Grant Thornton' refers to the brand under which the Grant Thornton member firms provide assurance, tax and advisory services to their clients and/or refers to one or more member firms, as the context requires.

Grant Thornton UK LLP is a member firm of Grant Thornton International Ltd (GTIL). GTIL and the member firms are not a worldwide partnership. GTIL and each member firm is a separate legal entity. Services are delivered by the member firms. GTIL does not provide services to clients. GTIL and its member firms are not agents of, and do not obligate, one another and are not liable for one another's acts or omissions.
