Legal Implications

- 3.2 The Council is required under the Accounts and Audit Regulations 2015 to “undertake an adequate and effective internal audit of its accounting records and of its system of internal control in accordance with the proper practices in relation to internal control”.

To aid compliance with the regulation, the Institute of Internal Auditors Public Sector Internal Audit Standards (as amended) details that “Internal auditing is an independent, objective assurance and consulting activity designed to add value and improve an organisation's operations. It helps an organisation accomplish its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, control, and governance processes”.

Service / Operational Implications

Internal Audit Aims and Objectives

- 3.3 The aims and objectives of the Worcestershire Internal Audit Shared Service are to:
- examine, evaluate and report on the adequacy and effectiveness of internal control and risk management across the council and recommend arrangements to address weaknesses as appropriate;
 - examine, evaluate and report on arrangements to ensure compliance with legislation and the council's objectives, policies and procedures;
 - examine, evaluate and report on procedures to check that the council's assets and interests are adequately protected and effectively managed;
 - undertake independent investigations into allegations of fraud and irregularity in accordance with council policies and procedures and relevant legislation; and
 - advise upon the control and risk implications of new systems or other organisation changes e.g. transformation.

Formulation of Annual Plan

WIASS operates an Internal Audit Charter which sets out the standards to which it operates for this Council. The Internal Audit Plan for 2019/20, which is included at Appendix 1, is a risk based plan which takes into account the adequacy of the council's risk management, performance management, other assurance

processes as well as organisational objectives and priorities. It has been based upon the risk priorities per the Corporate and Service risk registers. Large spend budget areas have also been considered, and, direct association has been made to the organisational objectives and priorities. The Internal Audit Plan for 2019/20 has been agreed with the s151 Officer, is being considered by the Senior Management Team and has been brought before Committee in draft form. It has been formulated with the aim to ensure Bromsgrove District Council meet its strategic purposes, delivers its promises and has directly linked the various aspects to identify the 'golden thread' in regards to the objectives and risk identification to Service delivery. It is brought before the Audit, Standards and Governance Committee in draft format as the involvement of the Committee is considered to be an important facet of good corporate governance, contributing to the internal control assurance given in the Council's Annual Governance Statement.

We recognise there are other review functions providing other sources of assurance, both internally and externally, (e.g. ICT Public Service Network assurance testing) over aspects of the Council's operations. Where possible we will seek to place reliance on such work thus reducing the internal audit coverage as required.

To try to reduce duplication of effort we understand the importance of working with the External Auditors. The audit plan is available to the external auditors for information.

By bringing a plan of work before the Audit, Standards and Governance Committee which had been formulated with the aim to ensure Bromsgrove District Council meets its strategic purposes it allows Members to have a positive input into the audit work programme for 2019/20 and make suggestions as to where they feel audit resources may be required under direction of the s151 Officer. Due to the continuing changing environment that exists in Local Government the plan must be seen as a framework for internal audit work for the forthcoming year. There is a need for improved flexibility in the plan due to a changing risk profile as well as emerging risks. To ensure flexibility there is the possibility that the plan will be updated during the year in order to address such challenges. If appropriate a review before Senior Management Team will take place to ensure the audit plan remains risk focussed and any required changes can be considered.

Resource Allocation

The Internal Audit Plan for 2019/20 has been based upon a resource allocation of 230 chargeable days, an allocation which has been agreed with the council's s151 Officer. A summary of the days as well as the detailed plan provision has been included at Appendix 1. A number of areas have been included in the plan but due to the resource available priorities have been applied in regard to the plan delivery. Although all areas have been considered an assessment has been made whether to include in the plan based on the overall risk and governance profile. Areas that are considered to have a 'high' priority will be targeted first in regard to the plan delivery. The Head of Internal Audit Shared Service is confident that, with this resource allocation, he can provide management, external audit and those charged with governance with the assurances and coverage that they require over the system of internal control, annual governance statement and statement of accounts. The 230 day allocation is based on transactional type system audits and remains the same number of days as being delivered during 2018/19.

Due to the changing internal environment, ongoing transformation and more linked up and shared service working between Bromsgrove and Redditch the plan continues to be organised in a smarter way in order to exploit the efficiencies that this type of working provides. Although the audit areas will have an allocation of audit days the reviews will continue to be more cross cutting than before and will encompass the different service perspectives that the Services need to deliver. All or part of the budgeted days will be used on a flexible basis depending on the risk exposure the end result being better corporate coverage and ownership of the audit outcomes.

Due to both external and internal audit findings the financial systems have been included as audit areas as it is considered certain risks remain in these areas. It is hoped that in time a 'watching brief' approach can be adopted when there is a confidence in embedded process, control and anti fraud measures thus leading to a reduction in the allocated days. Operational support days are included to give a little flexibility and contingency in the plan e.g. consultancy but are necessary to support the delivery of the plan as a whole.

The Internal Audit Plan for 2019/20 is set out at Appendix 1.

Monitoring and reporting of performance against the Plan

Operational progress against the Internal Audit Plan for 2019/20 will be closely monitored by the Head of Internal Audit Shared Service and will be reported to

Explanatory Notes:

*As part of the increasing joint and shared service working between Bromsgrove District Council and Redditch Borough Council the audit budgets and areas will feature in both internal audit plans and be consolidated to deliver a single piece of work covering both Council's. Where practically possible the days will be split equally between the plans. Weighting will, however, be applied if it is considered the focus of the work will major on one Council.

Customer access and support will be considered overall as part of the service audits.
