1 Policy Statement

Bromsgrove District Council Members require access to information that enables them to perform their duties as a councillor. Much of this information can be provided electronically via email, word processing and spread sheet files. The Council's general presumption is for electronic provision of information / transaction of business.

2 Purpose

The purpose of this policy is to ensure that Bromsgrove District Councillors can access Information and Communication Technology (ICT) facilities whilst maintaining compliance with Central Government's Public Service Network (PSN) and other related policies.

The Council holds large amounts of personal and restricted information. Information security is very important to help protect the interests and confidentiality of the Council and its customers. Information security cannot be achieved by technical means alone. Information security must also be enforced and applied by the people who use it and those who provide support for it.

3 Scope

This policy applies to any Councillor that requires access to Council information systems such as email or other documents, whether it is a temporary or permanent arrangement.

4 Definition

The Council understands that to reduce the risk of theft, fraud or inappropriate use of its information systems, anyone that is given access to Council information systems **must**:

- Be suitable for their roles.
- Fully understand their responsibilities for ensuring the security of the information.
- Only have access to the information they need.
- Request that this access be removed as soon as it is no longer required.
- Complete Data Protection training to ensure Members are clear on how information can be used when they are working on behalf of the council and when they are working on behalf of constituents, and how it should be stored.
- Ensure that no personal information that could be in breach of the Data Protection Act, is stored on their laptop or other unencrypted device.

This policy must therefore be applied prior, during and after any user's access to information or information systems used to deliver Council business.

5 Provision for ICT equipment.

The Council recognises that individual Councillors have a requirement to access electronic information.

Due to a zero tolerance approach to the PSN code of connection, this has led to implementing innovative methods of accessing ICT, whilst remaining within the budget and work with the resource limitations of the Authority. Should the limits of the budget be reached, the Leader of the Council will revisit current ICT needs for the future.

The council will not automatically forward Council emails to personal email accounts such as Hotmail, Google mail etc. This is to ensure the authority complies with the Government's code of connection.

Option1

The Authority will provide an Apple iPad that is technically secure, to enable the Councillor to access corporate email, corporate calendars, Modern.Gov, Office suite and necessary documents. Additional security may be added at a future date to keep in line with new PSN policy requirements.

Broadband services are to be provided by the Councillor and expenses for these claimed through the normal expenditure claim process at £100 per year (maximum 1 per household).

Support for this Apple iPad will be provided by the authority's ICT department by telephoning 01527 881766 Mon-Fri 8:30 to 17:00.

All internet usage and emails sent and received via the corporate device, will be subject to automated scanning, monitoring and filtering to assist with ICT security and adherence to additional policies as described in section 9.

It is the Councillor's responsibility to ensure their password for accessing any Corporate Information service is not shared with any other person and that connection to such services is ended by logging off the system, as soon as work is completed or the connection is left unattended. This is to prevent unauthorised access to information.

If it suspected that someone else may know their password, or any security problem has occurred, Councillors must report this to the helpdesk immediately so it can be rectified.

The Councillor shall make reasonable arrangements for the safe-keeping of the iPad.

Insurance for the iPad is provided by the council but a £100 excess is payable for loss, theft or damage.

The Council provides the Apple iPad together with ancillary equipment and materials required, for the Councillor's functions as a Councillor. Use of this equipment for any other reason, including personal use or use by anyone other than a Councillor is not permitted.

All ICT equipment provided by the authority remains the property of the Council and must be returned at the end of the election term.

Option 2

The Authority will provide a Windows based Laptop/Tablet that is technically secure, to enable the Councillor to access corporate email, corporate calendars, Modern.Gov, Office suite and necessary documents. Additional security may be added at a future date to keep in line with new PSN policy requirements.

Broadband services are to be provided by the Councillor and expenses for these claimed through the normal expenditure claim process at £100 per year (maximum 1 per household).

Support for the Windows based Laptop/Tablet will be provided by the authority's ICT department by telephoning 01527 881766 Mon-Fri 8:30 to 17:00.

All internet usage and emails sent and received via the corporate device, will be subject to automated scanning, monitoring and filtering to assist with ICT security and adherence to additional policies as described in section 9.

It is the Councillor's responsibility to ensure their password for accessing any Corporate Information service is not shared with any other person and that connection to such services is ended by logging off the system, as soon as work is completed or the connection is left unattended. This is to prevent unauthorised access to information.

If it suspected that someone else may know their password, or any security problem has occurred, Councillors must report this to the helpdesk immediately so it can be rectified.

The Councillor shall make reasonable arrangements for the safe-keeping of the Laptop/Tablet.

Insurance for the Windows based Laptop/Tablet is provided by the council but a £100 excess is payable for loss, theft or damage.

The Council provides the Windows based Laptop/Tablet together with ancillary equipment and materials required, for the Councillor's functions as a Councillor. Use of this equipment for any other reason, including personal use or use by anyone other than a Councillor is not permitted.

All ICT equipment provided by the authority remains the property of the Council and must be returned at the end of the election term.

Option 3 (can be in addition to Option 1 or 2)

The Authority will provide the Blackberry Software that is technically secure, to enable the Councillor to access Corporate email, Corporate calendars and necessary documents stored on the network, to be accessed from an Android or Apple device not owned by the council.

Additional security may be added at a future date to keep in line with new PSN policy requirements.

Broadband services are to be provided by the Councillor and expenses for these claimed through the normal expenditure claim process at £100 per year (maximum 1 per household).

Support for the Blackberry Software, but not the device it is installed on, will be provided by the authority's ICT department by telephoning 01527 881766 Mon-Fri 8:30 to 17:00.

All internet usage and emails sent and received via the Blackberry Software, will be subject to automated scanning, monitoring and filtering to assist with ICT security and adherence to additional policies as described in section 9.

No scanning, monitoring and filtering of any activity outside of the Blackberry Software will take place.

It is the Councillor's responsibility to ensure their password for accessing any Corporate Information service is not shared with any other person and that connection to such services is ended by logging off the system, as soon as work is completed or the connection is left unattended. This is to prevent unauthorised access to information.

If it suspected that someone else may know their password, or any security problem has occurred, Councillors must report this to the helpdesk immediately so it can be rectified.

All ICT equipment (including software licenses) provided by the authority remains the property of the Council and must be returned at the end of the election term.

6 Policy Compliance

If any Member is found to have breached this policy, IT provision will be withdrawn. If a criminal offence is considered to have been committed further action may be taken to assist in the prosecution of the offender(s).

If you do not understand the implications of this policy or how it may apply to you, please seek advice from Members' Services or ICT.

7 Policy Governance

The following table identifies who within the council is Accountable, Responsible, Informed or Consulted with regards to this policy. The following definitions apply:

- **Responsible** – the person(s) responsible for developing and implementing the policy.
- **Accountable** – the person who has ultimate accountability and authority for the policy.
- **Consulted** – the person(s) or groups to be consulted prior to final policy implementation or amendment.
- **Informed** – the person(s) or groups to be informed after policy implementation or amendment.
