3. KEY ISSUES

- 3.1 The government announced new schemes of support for businesses impacted by the coronavirus restrictions in November 2020.
- 3.2 The announcement introduced five schemes of support which are applicable as local authorities move between tiers of local restrictions or in cases where national restrictions are imposed. The visualisation below summarises which grant schemes become payable at each level of restriction.

3.3 A basic summary of each grant scheme is included below:

3.4 Local Restriction Support Grant (Closed)

LRSG (Closed) is a mandatory grant scheme which will provide support to businesses which are subject to closure by law due to tier 3 restrictions being placed on a local area.

To qualify for LRSG (Closed) a business must:

- be required to close for a consecutive period of not less than 14 days.
- be providing in-person services from the premises required to close, and unable to provide these services remotely.
- be the eligible ratepayer on the day the restrictions take effect.
- be open and trading on the day before the restrictions came into effect.
- pubs, bars and restaurants which are required to close by law, but open to provide a click and collect or takeaway service will be treated as closed.

3.5 Local Restriction Support Grant (Closed) addendum

LRSB (Closed) addendum is a mandatory grant scheme which will provide support to businesses which are required by law to close due to national restrictions being implemented. The qualifying criteria for the grant will be the same as LRSB (Closed), however, the period over which payments are made will be increased.

3.6 Local Restriction Support Grant (Open)

LRSB (Open) is a discretionary grant scheme which will provide support to businesses which are significantly impacted by restrictions on socialising that are implemented because an area has entered tier 2 or tier 3 restrictions.

The qualifying criteria for the grant are included in the appendix to the report. Government has recommended that support is provided to business within the hospitality, hotel, bed and breakfast and leisure sectors. The guidance will target support to these businesses and to businesses in the retail, hospitality and leisure supply chain and to businesses within the late-night economy impacted by restriction on socialising.

3.7 Local Restriction Support Grant (Sector)

LRSB (Sector) is a mandatory grant scheme which will provide support to businesses in sectors required to close at a national level. At present these restrictions apply to nightclubs, discothèques, sexual entertainment venues and hostess bars. To qualify for LRSB (Sector) a business must:

- have been required to close at a national level and been closed since 23rd March 2020
- be liable ratepayer on 1st November 2020

3.8 Additional Restrictions Grant

ARG is a discretionary scheme and local authorities must develop their own criteria for any grants offered under the scheme. Funding has been provided for the period to 31st March 2022 and details of the guidance proposed is included in the appendix to the report.

3.9 Exclusions to grants apply to all schemes and grants will not be provided where a business is in liquidation, administration or is subject to a striking off notice. Grants must be compliant with EU state aid rules and companies will be required to confirm a grant is state aid complaint.

3.7 The amount of grant to be provided and the periods for which grants are paid is detailed in the following tabulation.

Financial Implications

- 3.11 The costs of the grants made under the grant schemes will be met in full by Government. Controls must be put in place to ensure that the award of grant does not exceed the funds allocated by Government.

Legal Implications

- 3.12 There are no specific legal implications.

Service/Operational Implications

- 3.13 The operation of the scheme will place additional pressures on the Revenue Services Section – the scheme will be delivered within existing resources but a review of the impact of delivery of discretionary schemes on the effectiveness of the revenues services will be required and additional resources may be needed to remedy any decline in overall performance.

Customer / Equalities and Diversity Implications

- 3.14 The scheme will be required to deliver support quickly to businesses within Bromsgrove and must ensure that the maximum amount of funding is made available to businesses within the Bromsgrove area.

4 RISK MANAGEMENT.

- 4.1 There is risk of reputational damage if the scheme does not maximise expenditure and ensure the full amount of support is provided to businesses within the Bromsgrove District.
