

**Bromsgrove District Council
Planning Committee**

**Committee Updates
29th July 2025**

24/00960/FUL Land Off Illey Lane, Hunnington

UPDATE ONE

National Grid (Asset Protection)

Regarding planning application 24/00960/FUL, there are no National Grid Electricity Transmission assets affected by the proposal.

The applicant will need to have a valid connection agreement and agree a cable easement (via the Use of NGET Land Process) with us for their proposed cable routed through are land surrounding the substation.

Please note this response is only in reference to National Grid Electricity Transmission assets only.

National Grid's Embedded Capacity Register

The Embedded Capacity Register (ECR) provides essential information on generation and storage resources connected to the National Grid's distribution network, updated monthly for stakeholders.

No comments received from the National Grid's Embedded Capacity Register following the end of the consultation period.

Public Comments

Halesowen Abbey Trust have supplemented their original objection and have made comments regarding the following matters

- Cumulative Impact
- Catalyst for further development?
- Unrealistic, undeliverable claims

Applicant Comments

Following the publication of the Committee Report, Grenergy have provided further comments in response to the most recently submitted Hunnington Parish Council comments.

This covers the following matters:

- Need for the development
- Fire Safety Failures and Environmental Risk
- Battery Waste and Replacement Over the Project Lifecycle
- Stand-Alone BESS and Cumulative Infrastructure Impact at Kitwell
- Green Belt and Grey Belt – Policy Conflict and Inappropriate Development
- Planning Balance and Conclusion
