

**BROMSGROVE DISTRICT COUNCIL**

**CABINET**

**3 MARCH 2010**

**JANUARY (PERIOD 10) PERFORMANCE REPORTING**

Responsible Portfolio Holder	Cllr Roger Hollingworth
Responsible Head of Service	Hugh Bennett, Assistant Chief Executive
Non Key Decision	

**1. SUMMARY**

1.1 To report to Cabinet on the Council's performance at 31 January 2010 (period 10).

**2. RECOMMENDATIONS**

2.1 That Cabinet notes that 37% of PIs are stable or improving.

2.2 That Cabinet notes that 65% of PI's that have a target are meeting their target as at the month end and 85% are projected to meet their target at the year end.

2.3 That Cabinet notes the performance figures for January 2010 as set out in Appendix 2.

2.4 That Cabinet notes the particular areas of improvement as summarised in section 3.5.

2.5 That Cabinet notes the PI's of particular concern as set out in section 3.6.

**3. BACKGROUND**

3.1 The full list of performance indicators due to be reported monthly is set out in **Appendix 2** where:-

	<b>On Target</b>
	<b>Less than 10% from target</b>
	<b>More than 10% from target</b>
	<b>No target set</b>

<b>I</b>	<b>Performance is Improving</b>
<b>S</b>	<b>Performance is Stable</b>
<b>W</b>	<b>Performance is Worsening</b>
<b>N/a</b>	<b>No target set</b>

3.2 Comparisons of overall performance improvements this month to last month are shown on Appendix 1.

3.3 At the beginning of the year the set of corporately reported PI's was revised to ensure they reflect current priorities and also to take account of the revised

assessment methodology that the Council will be judged on under CAA. There are a total of 100 PI's in the corporate set, 37 reported monthly, 26 quarterly and 40 annually. Many of the annually reported PI's are outcome measures. Due to continued problems in obtaining figures for Domestic Violence incidents the two indicators covering these have been removed from the reporting set with effect from November, hence the number of PI's reported monthly is now 35.

3.4 Although the percentage of indicators declining in the month is considerably higher than usual a number of these are due to expected seasonal variations and the others are not a significant drop. As the percentage of PI's meeting both their year to date target and expected to met target at year end remains high the proportion of indicators declining this month is not a cause for concern.

3.5 Performance worthy of particular mention is as follows:

- Sickness absence remains significantly below the monthly target figure. Outturn is now predicted as amber, i.e. to be within 10% of target. If sickness levels remain this low for the remaining 2 months of the year then outturn will be within annual target.
- Overall Crime levels remain low.
- Sports development usages are running significantly ahead of target.

3.6 Performance of potential concern is as follows:

- Burglaries and Violent Crime rose significantly in January, both of these are being addressed by the CDRP and interventions are being planned/implemented to address this.
- Average speed of answer at the CSC was below target, this was due to the high volumes of calls to the CSC, which were 50% up on December.
- The number of complaints rose significantly in January to 34, 17 of which were about delayed refuse collections during the bad weather. On the other hand, 3 compliments were received about the refuse collection service during the bad weather and 2 about the street cleansing service.
